HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from www.worldofwisdom.co.uk

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

Life Path

Ascendant In Capricorn

PROFESSIONAL - LIFE-PATH: Progress

You are ambitious and powerfully motivated to attain professional success. However in the first 30 years of your life you struggle hard to overcome a lack of self-confidence and a tendency to have dark thoughts about the future. You have a need to prove yourself, you have low expectations, and you expect to fight for every little success. As you get older the efforts you invest in your career pay off, and you inevitably rise to a position of responsibility. Other things being equal, you will be a trusted employee, or a respected manager, known for your reliability and conscientiousness. You drive yourself hard, are dynamic, and keep your long-term goals in sight. You may however be a hard master, and if you expect other people to be as motivated as you, you will be disappointed. Learn from them by setting more time aside to play and enjoy the pleasures of family life.

PERSONAL - LIFE-PATH: Progress

You have a serious and reserved facade, and during your early years you developed the commitment and self-discipline to rise above many difficulties and obstacles in your family life. You carry a burden of high expectations and are often afflicted by gnawing doubts concerning your ability. You probably work too hard and give yourself too little time to express your emotions. Conversely you tend to attract the emotional type of partner who is looking for security and is attracted by your responsible and hard-working nature. Frustrated by your inhibited and formal nature, your partner will make many emotional demands. The more you soften up and trust your feelings, the more your partner will feel stabilised emotionally. The fewer burden you take on, the less dependant your partner will be.

Ascendant Sextile Sun

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: I, myself, me

Whether you would prefer to have a low profile or not, you will often dominate your surroundings through the force of your personality. Professionally you strive to do your very

best - for success is a matter of honour for you. You have a magnanimous disposition, and are generous in your dealings with others. Creative work and self-expression must be an important element in your professional life. You stand on your pride too much.

PERSONAL - LIFE PATH: I, myself, me

You have a radiant personality, with a touch of self-importance. You take yourself - and the impression you make on others - very seriously indeed. Some people may consider you self-centred. You tend at least to be the centre of attention, and although you invest all of yourself when you relate to others, you give your own personal development needs priority. You have plenty of surplus energy, and your playful nature can make you a figurehead for young people.

Ascendant Opposition Jupiter

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: The counsellor

You are not interested in trivia, and therefore seek a profession which gives some kind of overall meaning. You are probably destined for success, and can exert considerable influence through the power of your opinions or good judgement. You have a tendency to overestimate the importance of your ideas, and may be unreceptive to the views of others. Generally, however, you maintain a fine perspective on the important issues. You are an excellent adviser.

PERSONAL - LIFE PATH: The counsellor

You are a larger than life character with strong views on most issues, and a deep interest in spiritual issues. You are open and willing to expand your philosophical horizons. Generally blessed with good fortune and an optimistic frame of mind, you have the ability to expect the best of the future. There may be a tendency to overindulge or be too extravagant. People value your ability to understand in depth the things that move them.

Ascendant Trine Saturn

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the

negative consequences minimal.

PROFESSIONAL - LIFE PATH: The hard school

You take your professional life very seriously, rising to the many challenges that arise during the course of your career. As you convey an air of efficiency and self-discipline, you will gravitate towards positions of authority. Lack of self-confidence, and a certain shyness in relation to others can hinder your progress, but the older you get the better you are able to overcome your fears.

PERSONAL - LIFE PATH: The hard school

You can be rather an inhibited person - at least in the early stages of your life. Experience has made you wary in your dealings with others, and rather taciturn in style. You may feel uncomfortable about your personal appearance, and you have low expectations as regards your potential in life. Nevertheless you can inspire trust in others because of your considered, serious nature. The older you get, the more you lighten up.

Saturn In Leo

PROFESSIONAL - SELF-RELIANCE: Establishing self-esteem

Saturn was in the sign of Leo in the years 1946-48 and 1976-78, and this was reflected in leadership challenges in society, and new systems of child-rearing as well as in a period of emphasis on creativity and entertainment. Inasmuch as you channel this influence in your career, you will feel a strong need to manifest your identity, yet have great doubts as to your ability to live up to a leadership or creative role. You may find that you are subordinated to rather autocratic authority figures, and will feel a strong need to overcome a lack of self-confidence to assume more personal power yourself. You have to lay your identity on the line, take a gamble and risk being creative, overcoming fears of being subjected to the scrutiny and judgement of others. To become prominent, you need to manifest yourself and take centre stage.

PERSONAL - SELF-RELIANCE: Establishing self-esteem

A major area of challenge in your life is concerned with building up a strong sense of identity and overcoming a lack of confidence. You were born at a time of autocratic trends in child-rearing which may have stifled a sense of play and spontaneity, and this means that you tend to take yourself too seriously today. You are oversensitive as regards the impact you make on others, are over-concerned with standing on your dignity, and tend to be hung up on status symbols and gestures of respect or recognition. It is

important for you to overcome creative blockages, and you can learn a lot from having children. A little self-irony will go a long way to making you more popular with other people, and it is also important for you to cut loose a little and risk being immature. As you mature you gain greater self-acceptance.

Saturn In 8th House

PROFESSIONAL - SELF-RELIANCE: Relinquishing control

During the first part of your life you will feel a strong - even obsessive - need to attain your ambitions and establish a security based on a secure status and solid economy. You exude an air of power and authority, and you can hold down a job which requires tremendous determination and survival powers. However you are not comfortable being under the authority of others - though you will find you often are. Compromising yourself to maintain high status or a secure economic position forces you to establish a rigid facade of emotional coolness. These kind of ambitions does not lead to any long-term satisfaction. If you do achieve the high status or respect that you long for, you will experience it as an emotional prison and will feel considerable anxiety about losing your privileges. It is just a question of time before this kind of false security splinters, and you replace earlier obsessive drives with a total redefinition of your personal values. This brings an emotional release from driving ambitions, and leads to the discovery and definition of new personal goals.

PERSONAL - SELF-RELIANCE: Relinquishing control

The major challenge of your life is to break down the emotional barrier that prevents you from enjoying intimacy with others. Early emotional pain has taught you to protect yourself by building up a wall of indifference. This wall can bring despair and frustration to your partner. Behind this wall you are hungry for a deep emotional commitment. As long as the wall exists it is difficult for you to experience any deep satisfaction. Your defensiveness prevents you in particular from enjoying sex. Sexual satisfaction is dependent on showing emotional vulnerability - the thing which you fear most. Paradoxically it is only when you show your vulnerability that you discover you cannot be hurt. When you discover intimacy, the floodgates of emotional gratification open to you. Life is a long development process of liberation from emotional blockages.

Identity

Sun In Scorpio

PROFESSIONAL - IDENTITY: Develop emotional insight

There is a strong inner intensity to your character which makes a quiet impression on others. You have powerful feelings and beliefs, but you like to keep your inner nature private. Only those very close to you can get a glimpse of your essential nature. You do not like to show any weaknesses because there is an inner anxiety about being vulnerable. You function well in a stable position - economic security and an element of prestige are important to you. You are generally good at wielding power, although you have no objection to holding a low profile. You are loyal and committed to your work, but you will never forget an injustice. You can become passionately engaged in a cause, and nothing will deflect you, once you have made up your mind. You would have a lot of talent as a negotiator because you never give up, and you never show your hand.

PERSONAL - IDENTITY: Develop emotional insight

Being able to trust someone, and being sure that nothing is hidden from your considerable perceptive talents are essential ingredients for a good relationship. And intense emotional relationships are very important to you - you do not like superficiality at all. Turning points in your life come in the form of psychological breakthroughs which shake your emotional foundations. Often this will be connected with the transformation of a deep emotional bond, which awakens your latent anxiety connected with emotional security. By giving up the illusion of being able to control others emotionally, you are confronted with your own vulnerability. Your facade of inscrutability is transformed and a softer and more understanding side of your character is evoked. Your greatest talent is your ability to strengthen others by your emotional and mental support.

Sun In 10th House

PROFESSIONAL - IDENTITY: Professional manifestation

You are capable of having a high professional profile - indeed society demands that you become deeply personally involved in your career. You are a natural leader in your field and it is an advantage for you to strive to become known. More than most you define yourself through what you do, and through how other people judge what you do. You are suited to a profession in which you either are self-employed or employ others. Should you find yourself working in a subordinate position, you may have differences of opinion with your employers. They will think you are arrogant, you will think you can do better than them! Successful leaders become role models for you.

PERSONAL - IDENTITY: Professional manifestation

You are extremely involved in issues of self-esteem and feel that your own self-worth must be measured by your achievements in society. This attitude stems from the influence of a parent - probably your father - who imbued in you ideas of respect and duty to society. Attaining goals, then, is the strongest motivational factor in your life. The problems is that you tend to move the goalposts in a constant spiral of striving. Perhaps it would be wise to relax more and enjoy the fruits of your labours? Because you identify so strongly with your professional position - you are what you do - you may have difficulty being spontaneous and natural on an intimate or emotional level. You also have a deep need to be respected and appreciated by your partner. Being known or respected makes you take yourself too seriously.

Sun Conjunction Mercury

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - IDENTITY: Subjectivity

As Mercury is never more than 28 degrees from the Sun, the only aspect possible between them is the conjunction - the closer they are together, the stronger this aspect will be. There is a great mental talent and a restless desire to learn more and gain experience. You would thrive in a job which gave you the opportunity to be on the move and meet people, as communication is definitely one of your strong points. You hate to be stuck in any job, and you need constant mental stimulation. This can of course lead to a number of radical job changes. Alternatively you can satisfy your need for stimulation by going on courses or undertaking study projects. You have good teaching abilities and would prosper in any position in which you had to get a message across. Your strong points are your versatility, curiosity and a youthful enthusiasm. Your weaknesses are connected with restlessness and lack of concentration - and a tendency to be very subjective in your evaluations. You are overconcerned with making an impression and like to have the last word. You hate being wrong, and have difficulty admitting it when you are.

PERSONAL - IDENTITY: Subjectivity

Intelligence and communication are important issues for you in your personal relationships. You identify strongly with what you say, and it can be a blow to your personal pride if you are ignored or misunderstood. As a result you tend to

be forceful in your opinions and at times unreceptive to what other people say and think. You are overly subjective, and you can spend a great deal of time running an inner dialogue in which you talk to yourself. By nature you exude a youthful spirit and a certain naiveté

Sun Square Mars

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - IDENTITY: Competition

You are an extremely dynamic person with an excellent sense of when to grasp opportunities. You thrive on competition and love a good fight. You are no diplomat, but in situations which require courage and decision, you are the right person. Women with this aspect may early in life experience many conflicts with dominating or aggressive men, but ultimately these problems are solved by learning to be more self-assertive in a confident manner. You are suited to a job which provides you with a challenge. You have a pioneering spirit and are willing to take on the necessary confrontations to get ahead. You get bored easily, and when you get bored, you can get into trouble. When you encounter an obstacle you tend to bang your head against it until it gives way. It would pay for you to plan more before you act, and strive to be less impulsive. If you find yourself getting into unnecessary conflicts, try to cultivate a spirit of compromise. Winning is a little too important for your ego.

PERSONAL - IDENTITY: Competition

You are the kind of person who likes action, excitement and adventure. Being easily bored you tend to be rather provocative. Women with this aspect may have had a young or immature father, and in the more extreme cases there may even have been physical violence in childhood. Alternatively the woman with this aspect will have had a "buddy" relationship to the father and become involved with masculine pursuits. Later in life there will be a tendency to be attracted to a very masculine type of man. It may be important for the woman to really respect and look up to the man - but there is often an attraction to rather immature males, who never quite got out of adolescence. Subsequently the man may have great difficulty living up to masculine archetypes which basically exist within the woman's character, and this will lead to conflicts or battles of power, until the woman accepts a more personally assertive role.

Men with this aspect are very concerned about their masculinity and take pride in their ability to compete in the world. Sexual performance and the ability to take on a classic male role in relation to a woman are essential elements in the character. This Tarzan syndrome has its drawbacks. Problems can arise because of lack of sensitivity to the emotional needs of the woman. The man's over-identification with the male role can be perceived as faintly comical by the woman who would probably set greater store by demonstrations of tenderness and affection. The woman tends to be the prize which the man wins and later guards and protects.

Sun Trine Jupiter

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - IDENTITY: Insight

One of your greatest professional assets is your optimism and ability to envision and empower the future. You have the capacity to occupy a high profile position in which your charisma and personal identity play a leading role. As you are strongly motivated to acquire insight in your life, and rather philosophically minded, you would function well as an advisor, counsellor or simply as a leader figure, whom people turn to for advice and a sense of direction. It is essential that your profession offers you the opportunity for growth. You need wide horizons and you will probably find that you travel a lot in your work. You are cosmopolitan by nature, and enjoy the cultural aspect of your work. You have very strong convictions indeed, and may be rather morally high-minded. This side of your character can lead to ideological confrontations with influential people. You have great difficulty in admitting your mistakes, and although you have vision and prophetic sense, you can be wildly optimistic about the future, and are often to be seen chasing dreams of prosperity. Inasmuch as vision is necessary for success, you will generally reach your goals, but greater attention to planning, more realism and more patience would help you consolidate your position.

PERSONAL - IDENTITY: Insight

You are an inspiring person with a wonderful capacity for positive thinking and looking on the bright side. You are a seeker of wisdom, and this search will lead to many studies and many travels to widen your intellectual horizons. During the course of your life, you acquire a set of opinions and

personal convictions which play rather a dominating role in your environment. Gaining understanding of the meaning of your own life is important, and you identify strongly with the conclusions you come to. You have a great need to find a mentor or wise person who can instruct you, but few people will have the capacity to impress you on an intellectual or spiritual level. If you do not cultivate a sensitivity to the ideas of others you can become opinionated and arrogant. Others can find you mentally dominating or over-forceful in discussions. There is more dignity in giving your opinion only when asked, than in foisting your beliefs on others. Generally however, you will create a good impression because of the wide span of your mind, and a tolerant attitude towards others.

Sun Sextile Saturn

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - IDENTITY: Winning self-esteem

You are a hard-working and ambitious person with a strong drive to prove yourself in society. There may however be difficulties with authorities, despite your desire to live up to the expectations of society. The first 30 years of your life will bring a great deal of obstacles to success, but you will learn important lessons and ultimately develop a self-sufficiency and discipline which lays the foundation for success later in life. It is important for you to overcome negativity or pessimism concerning the future. Not all success is won by hard work alone. You are often more motivated by the fear of failure than the promise of reward, and this can hold you back from realising your full potential. If all goes well you will acquire more and more responsibility during the course of your life - and you deserve it. You are conscientious and take your responsibilities seriously. You are the kind of person other people can rely on. You would rather be the power behind the throne, than have a high profile yourself. Remember to take time to enjoy the fruits of your efforts, instead of continuously driving yourself onwards.

PERSONAL - IDENTITY: Winning self-esteem

You are a rather formal person who takes life seriously. Childhood experiences - especially the relationship with your father - has undermined your self-confidence and made you reluctant to stick your neck out. You are more likely to bury your "talent" than gamble with it. You have a

strong need for approval, but as a child love and approval was always conditional on your performance. You have been more appreciated for what you did, than for who you are. Later in life you tend to judge yourself harshly, and you have a bad conscience about enjoying life and relaxing. You tend to be too dismissive when offered love and affection, and rather severe when giving it. There may be authoritarian tendencies and a lack of flexibility as regards rules. Nevertheless, you are a person who can be trusted. You have high principles, and as you do not indulge expectations of the easy life, you work hard to build up a secure structure in life for those you hold dear.

Jupiter transiting Conjunction Sun

08-10-2017 -> 03-11-2017

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - IDENTITY: Creating your future

During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

PERSONAL - IDENTITY: Creating your future

During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a

broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

Uranus transiting Opposition Sun

02-05-2018 -> 02-04-2020

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - IDENTITY: Radical change

This is a dramatic time of change which favours those who are willing to take a risk concerning the future, but upsets those who would prefer things to continue as they are. Now is the time to make some revolution in your life by grasping modern trends and setting out on untrodden paths. If economic safety and job security are your main priorities, you could be in trouble. Unpredictable things can happen now because change is on the agenda. If you take an objective view of what you are doing now, you will almost certainly see that if some kind of renewal doesn't take place, you will die of boredom. Do not avoid necessary change now - you should be prepared to make daring and radically new decisions - let yourself be swept along by the excitement of the times.

Opportunities now are connected with greater freedom and independence. You can drop work which restricts your movements and consider more flexible working hours. This is a favourable period for free-lance work, or temp work which gives you more time to do the things which really interest you. Working with new technology, computers, fax and modern communication is particularly favoured. If you have New Age interests, this is the time to really go for them. You may find yourself travelling more internationally, or getting involved with foreigners. Humanitarian issues can be important.

PERSONAL - IDENTITY: Radical change

This is an exciting and breathless period which brings dramatic new awareness and consciousness change. Above all it is a time to set yourself free and enjoy a world without boundaries and restrictions. Perhaps your loved ones will have difficulty appreciating how strong your need for change is, but this is not the time to compromise. This is

your time, and you must avail yourself of the opportunity to change your attitude to your life.

You can meet some very exciting people at this time who come from exotic countries, or who have unconventional and inspiring interests. Involvement in groups is particularly favoured, especially as regards consciousness-raising activities. It is as if you are electrically charged and full of new energy, so grasp the opportunities that arise. You can accomplish far more than normal in this short period. It is also possible that you feel bored or tied down now, and this is because of the awakening need for change. Change can come suddenly and unpredictably, and when it arises, you should not miss your chance. This is an excellent period for sudden insight into your identity, and for renewed spiritual awareness.

Emotions

Moon In Aries

PROFESSIONAL - EMOTIONS: Be inspired, take action

You are undoubtedly a dynamic person - the type to take action immediately when you are emotionally involved in something. Whilst this dynamism is a virtue, it will often manifest as impatience - even as a sharp temper, which of course can have a negative effect on the people you work with. You hate being pushed around, and thus it can be difficult for you to take on a subordinate role - you would prefer to be ahead of the field. You will often set yourself the challenge of achieving short-term goals in record time, and though you work well under stress, this tactic may not be good for your health in the long run. Learning to relax and let others come first is a part of your maturing process.

PERSONAL - EMOTIONS: Be inspired, take action

You will thrive in relationships which give you the freedom to take independent action. Some of your most painful memories are connected with times when you were robbed of this freedom. To enjoy a harmonious relationship you need to establish control over your temperament. You have a tendency to be short-tempered, and this comes from frustrations or a tense atmosphere in your childhood. You tend to use the threat of creating a bad atmosphere through your temper or through being huffy to get what you want. With time you learn patience. As a partner, however, you are fun to be with and you know how to create an exciting atmosphere in which things happen.

Moon In 4th House

PROFESSIONAL - EMOTIONS: Attachment to the home

Security is a major preoccupation for you, and you may wish to work in areas concerned with the home, land and property, or with areas connected with caring for others, or perhaps on environmental issues. You may have a talent for gardening. You function best when there is peace on the home front, but often find yourself distracted by family worries. Parental bonds, or a reluctance to get away from the family can limit your possibilities to advance professionally. However you are appreciated at work because of your concern for others, and ability to create a comfortable atmosphere. You may like to work from home, or have a job not far from your house.

PERSONAL - EMOTIONS: Attachment to the home

You were profoundly influenced by the emotional atmosphere as a child, and you were very sensitive to parental moods, especially your mother's. This has made you into a sensitive and rather vulnerable person, and you will be strongly motivated to create a caring and secure family environment later in your life. It would be wise to view the ups and downs of family life in a more objective way, rather than allowing your own mood to be constantly affected by changes. Your home is a haven for you, and you become very attached to it. When radical changes effect your home however, you will discover that you have a remarkable capacity to adjust. You need to spend a lot of time at home, and may find great pleasure in looking after your children, cooking, making home improvements etc.

Moon Opposition Venus

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - EMOTIONS: Empathy

You have very winning ways with all kinds of people and can gain a great deal of personal popularity. Dealing with others - particularly the public - in some way or another, can be an important ingredient in your profession. You may simply like people; at least people feel as if you do. You have a particular talent for dealing with women, partly because you have an instinctive understanding of their ways. Women can play an important role in your professional advancement - indeed you may be rather dependent on their goodwill for better or worse. Basically you are a caring and sympathetic person - and you show it. Therefore you would function well in a position which gave

you daily contact with people and the opportunity to support and nurture them in some way. You shun hard professional tactics and are easily hurt when rebuffed. This means that you may be too fragile to handle the rough and tumble of the marketplace. To feel secure you need to have a solid economy, otherwise you tend to be afflicted by worry. You have a talent for investment - particularly in property.

PERSONAL - EMOTIONS: Empathy

You have an affectionate nature - you have both the capacity to give succour and love, and a deep need to receive it. Obviously therefore, relationships are extremely important to you, and you tend to form lasting bonds at an early age. Actually the greatest bond will be to your own family, particularly the mother - for better or for worse. Men with this aspect tend to marry early and unconsciously compare their loved one with the mother. There is a tendency to slink back to the family home for a good meal from time to time, and the wife can have great difficulty asserting her own authority over the mother's. In more extreme cases the man evokes maternal behaviour in his partner, and finds her wanting sexually as a mistress. It is difficult to feel sexually attracted to a mother figure, so unfaithfulness can ensue, as the man seeks to fulfil his sexual needs elsewhere.

Women with this aspect have to learn to integrate the two feminine functions - maternal and erotic - into their lives in some way. If she has difficulty with this she will find the sexual element in the relationship deteriorating, and will end up spending all her time on the house or with the children. A maid might be the answer!

For both sexes there is a tendency to be overattached and clinging, and too fixated on material security. Unconscious and unresolved childhood needs for love and security spill over into later relationships. It pays to develop a more detached attitude and a greater indifference to the need for constant approval.

Moon Trine Neptune

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Develop intuitive sensitivity
You are a supremely sensitive and impressionable person, and this will express itself as a moodiness and indefinable dissatisfaction. Yet you will almost certainly have creative and caring sides to your nature which can stand you in good

stead professionally, as long as your job is not monotonous or meaningless. You have a capacity for being very sympathetic and understanding, and this may be a part of your work. You have spiritual talents - perhaps you can work with dreams or the unconscious in some way. You are powerfully influenced by your environment, and including the mood of the people around you. It is wise to choose environments free from pollution, spiritually, emotionally and physically.

PERSONAL - EMOTIONS: Develop intuitive sensitivity

The greatest challenge for you is to attain emotional satisfaction, and this is best done by understanding the nature of your childhood. It is essentially for you to avoid the tempting pleasure of indulging your emotions and sentimentality. You so easily fall into negative emotional states, and this can make life miserable for the people around you. Your emotional impressionability creates serious problems in partnership matters - you simply have difficulty distinguishing the boundaries between yourself and your loved one. You take on the moods of others or absorb negative vibrations from the environment. The older you get the more you realise that this is just a bad habit, based on early conditioning. Avoid jumping into emotional swamps! Having said this, you have a wonderful talent for tuning in to other people emotionally and understanding them in depth. You are a very sympathetic person.

Moon Opposition Pluto

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - EMOTIONS: Deep emotional involvement

You are strongly motivated on an unconscious level by a need for security - a need which is very difficult to fulfil. However when you turn outwards and concern yourself with others, you will discover a special talent for helping other people find security. This may manifest as social consciousness. You also have a talent for dealing with people in crisis, possessing an inborn psychological ability to transform how people feel. You are suited to work which requires a deep personal involvement combined with a certain power and distance. You have the power to investigate deep emotional states in other people, and this can be connected with psychology or the occult.

PERSONAL - EMOTIONS: Deep emotional involvement

You are a person who feels everything very deeply, although people who only know you superficially might not be aware of this. Your need to protect yourself emotionally comes from a number of disturbing childhood experiences which mean that you tend to play it cool in times of crisis. Problems arise in intimate relationships because you never let on how you really feel - if you had the courage to show your vulnerability, people would treat you better. You cling to emotional bonds with great intensity, yet in times of crisis you can suddenly amputate your feelings and become ice-cold. It is unwise to deal with crises by giving ultimata. It is essential to overcome these destructive defence mechanisms, if you want to enjoy warm relationships.

Jupiter transiting Opposition Moon

01-01-2017 -> 28-08-2017

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - EMOTIONS: Expanding your base

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

PERSONAL - EMOTIONS: Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm

you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

Saturn transiting Square Moon

05-02-2019 -> 31-12-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - VALUES: Emotional self-sufficiency
Issues of economic and job security become very pressing at this time, and you will feel a strong drive to overcome any weaknesses in this area. You can however expect a lot of difficulties, especially if you indulge immature expectations, or rely too much on others. Childish behaviour gets you nowhere now, and if you do not have conscious control over your emotional reactions you can expect to be unpopular.

The atmosphere in your working environment may be rather heavy now - perhaps because of an elder woman who is trying to assert her authority. The more mature you are, the better you can handle trying situations. You have to know when to set limits, whilst still living up to your responsibilities. You can develop the self-discipline and patience to work with people in difficulty, if you choose to.

PERSONAL - EMOTIONS: Emotional self-sufficiency
During this challenging emotional period you will become more mature and self-sufficient. But this is not normally a happy time - partly because safety and security is no longer what it was. You have to spend time building more secure foundations for your life, and you cannot expect anyone else to be very supportive during this time. It is up to you to shoulder responsibilities uncomplainingly and with dignity.

Time can drag on now because you have to spend more time attending to everyday details and getting things to function on a practical level. On an inner level you are confronted with the need to change or control unconscious

emotions and habits. It is no use allowing your temperament, your jealousy, your distance or your stubbornness to get in the way of a rewarding relationship. The time demands emotional self-improvement, so stop making excuses and start working on yourself.

Pluto transiting Square Moon

01-01-2017 -> 24-11-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - EMOTIONS: Eliminate attachments
This is a time of extreme emotional pressure which will be strongly felt in the working environment. This will affect females somewhat more than males and on a private level, more than public. It is essential to look at the foundations of things now. There can quite literally be problems with the foundations, floor and structure of the home or workplace. This may manifest as radical rebuilding or renewal processes.

Something may be poisoning relationships amongst working colleagues, so it is important to get hidden issues into the open. This can be connected with the disappearance of colleagues to whom you were attached, or the arrival of new ones with whom you feel insecure. There may be problems with personal popularity on a professional level, and you may have to consider a complete change of loyalties. You can no longer invest your security in colleagues or the working environment as there is an atmosphere of crisis in these areas. Some unpleasant changes may be unavoidable, and this can mean moving to a completely different environment. Parental influences on the career - particularly those of the mother - are eliminated at this time. You may find job satisfaction in social or psychological work.

PERSONAL - EMOTIONS: Eliminate attachments
This period can be one of the most demanding emotional phases of your life, with the promise of great psychological growth. Whatever age you are, life demands that you grow up. Ask yourself the question: to what and to whom am I too attached? At the end of this period, you will surely have eliminated this attachment...you simply can't afford it. This is a time to get rid of sentimentality and make deep changes in emotional relationships. All forms of dependence disappear, and for a time you will be out of your depth. Emotional, psychological and occult insights are gained at this time.

Radical changes in family life may take priority over career

matters now. This is a time when you must re-examine your emotional nature, especially because buried issues from the past come up to the surface now - often after years of forgetfulness. You will learn many lessons on the emotional battlefield as old feelings are brought to life, and this will teach you to trust in, and express, your feelings in a more spontaneous and natural way. As if to reflect the inner emotional restructuring, you can expect upheaval in your home environment. There is an emphasis on sewage problems, the cellar or foundations of the house, and there may be actual digging around the house to solve structural problems. Don't take on more than you can handle, otherwise severe economic problems can result.

Mentality

Mercury In Scorpio

PROFESSIONAL - MERCURY: Analysis

Your perspicacious nature and investigative talents can be an advantage in many professional areas. You are a person who can be entrusted with a secret - your lips are sealed. You are also a person who can discover secrets, therefore there is a talent for research and investigation. Your need to pierce to the roots of an issue gives a predisposition for psychological or occult interests. There may also be a talent for working with computers. Your talent for seeing weaknesses in others can help you be of mental support to them if you share your insights. It is important for you to be more open in your dealings with others - otherwise people get the impression you are plotting something. People need to be reassured that your motives are pure.

PERSONAL - MENTALITY: Analysis

You are a deep-thinking and silent type. Superficiality is anathema to you; when you say something, it normally strikes deep and is delivered with considerable intensity. Experiences early in life may have made you somewhat suspicious, inclining you to look for secret motives in others. This can be unnerving for those close to you. You often feel that communication can be achieved through eye-contact alone, and that the great truths are unspoken. Remember that people also use words to make contact, and that everything doesn't have to be deeply meaningful. Scientific studies show that 55% of all communication is through body language - a fact that you have been instinctively aware of most of your life, having observed the way people react under your gaze.

Mercury In 10th House

PROFESSIONAL - MENTALITY: Get your message across. You have certain specific professional talents which will lead you to work in several different areas in your life. Basically however your greatest professional asset are your mental talents and your special communication abilities. Contact with a variety of people, both locally and internationally, and a sense of being in touch with others - whether it is being up to date on what goes on inside the office or faxing and telephoning outside - are essential ingredients for professional success and satisfaction. You may do a good deal of local travelling, and work for you will be a constant learning and teaching process. New mental challenges are essential for your well-being - otherwise you will get bored. Develop your communication abilities through courses and improving communication techniques.

PERSONAL - MENTALITY: Get your message across.

You are a busy person, and your ceaseless search for the good professional opportunity distracts you rather from personal and emotional issues. Sensing your destiny is to communicate, you have a tendency to feel that relationships make you deviate from your path - unless you have a partner who can share your interests in your career. Professional worries and a chronic tendency to plan ahead mean that you set too little time aside for domestic pleasures. A partner who was active in the home would be the ideal counterpoint for you because when you come home from work you need an atmosphere which encourages relaxation.

Mercury Trine Jupiter

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - MENTALITY: Disseminating information. One of your great professional assets is your intellectual curiosity and interest in communication and information. You can be something of a perpetual student, accumulating knowledge and insight for a rainy day. These intellectual talents bring you success in fields which require study, writing, meeting people, travel and generally exchanging ideas. You have excellent teaching talents, because you both have the capacity to concentrate on details, and at the same time can draw wide-ranging conclusions. You can maintain an overall perspective, even when drowned in facts and figures. You can also be extremely persuasive, and this can give a talent for sales. People can come to you for

advice and information. You are also suited to a position in an office, where you have access to phones and faxes, computers etc. You may be rather restless, so you need to work in a position in which you work with a whole spectrum of daily tasks, or in a situation in which you meet a variety of different people, perhaps whilst travelling around.

PERSONAL - MENTALITY: Disseminating information

Gaining intelligence is a strong motivating factor in your life. Attending courses and studies, learning languages, travelling and meeting people, are all important activities for you, because they give you the opportunity to train and expand your mind. A foreign language may play an important role in your life - you certainly have the capacity to master more than one language. You can be witty and a mine of information. On the other hand you may feel a strong need to impose your ideas and opinions on others. You hate to be belittled mentally, and you may compensate for this by becoming argumentative, or by dutifully trying to enlighten people about what the truth is. It is better to fulfil this need in some job for which you get paid - rather than tire your partner with your constant need to explain and inform. It is wisest to give your opinion only when it is consciously sought by others.

Mercury Conjunction Uranus

This aspect is of medium strength and its influence will often be felt, though not acutely. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - MENTALITY: Inventiveness

You have some mental qualities that border on genius. Being receptive to signals in the environment which go over the head of the average person, you know how to integrate radical new ideas into your work. You have the inventor spirit, and you are always willing to experiment with new methods. By developing your knowledge of the scientific functioning of the mind, you can be a driving force for renewal at work. You may be skilled at technical matters, computers or untraditional, even provocative subjects. It is important for you to learn to put your ideas across in a constructive manner however. You have a tendency to talk at cross purposes, without ensuring the other person is following you. Coupled with this you may also be impatient with people as they fumble with old concepts and ideas. You can be provocative, or go off at a tangent - and this may only serve to alienate you. Clarify your intentions when you communicate. You have a talent for exotic languages.

PERSONAL - MENTALITY: Inventiveness

Other things being equal you have a very quick mind, and you attract attention through your ability to give conversations a surprising turn. You are quickly bored by conventional waffling and you are prepared to say anything, repeat anything, to give conversation more interest. Although at times you can be very amusing, this tendency easily leads to confusion and misunderstandings in relationships. You break the flow of communication - a habit you learned in childhood - and this leads to a rather stressful atmosphere in intimate relationships. You need to involve yourself with friends or groups which have similar interests to you, rather than expecting to get all the mental stimulation you desire from your partner. When you get bored in intimate relationships, you tend to say and do the opposite of what is expected, just to get results. You also tend to make provocative statements. This can be exasperating for the partner.

Jupiter transiting Conjunction Mercury

28-10-2017 -> 24-11-2017

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

PERSONAL - MENTALITY: Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy

your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

Values

Venus In Libra

PROFESSIONAL - VALUES: Taste and diplomacy

You have a strong perception of balance around you and are extremely good at evaluating projects. You also have a remarkable talent for dealing with people, being able to meet them on their own level. A job that requires diplomatic talents might suit you - for example dealing with personnel. You work best in interesting social environments in which you can apply your excellent judgement. You have a pronounced aesthetic sensitivity, which can be expressed as a love of culture, art, music etc. You thrive in a position where you can express your taste and enrich human relationships, but you do not function well in positions which require you to be harsh to others. Even though you can be quite ambitious and dynamic, you do not like to jeopardise friendly relationships.

PERSONAL - VALUES: Taste and diplomacy

Love relationships are extremely important for you, and you will seldom be without a partner. You are excellent at reading your partner's needs, and quite willing to compromise on most issues, with the exception of clothes and interior decoration! You abhor bad taste and an unrefined manner, and are attracted to good-looking people, with cultural sensitivity and refinement. The man with this position will be attracted to graceful women, with good taste and a very feminine manner. Women will emanate an air of refinement and style, and desire a partner who treats her as an equal while maintaining his masculinity. For both sexes partnership is a holy principle and central to the enjoyment of life. You cannot tolerate a partnership without the magic of romance. It is important for you that your partner shares your taste, and that you can talk together about matters of

personal judgement.

Venus In 9th House

PROFESSIONAL - VALUES: Aesthetic judgement

You have a very fine judgement in all cultural matters, and one of your greatest professional talents is your discernment as regards what is of value, and what is not. People appreciate your ideas - which are strongly based on aesthetic concepts and a sense of inner balance - and what is more they appreciate the gentle and persuasive manner with which you put them across, and your willingness to listen to their opinions. You have therefore talent as a critic in one form or another. As your cultural interests also extend to foreign climes, you may draw from an international set of values. You have talent for sales and presentation, marketing and the media, and anything connected to the enshrining of the principles of good judgement.

PERSONAL - VALUES: Aesthetic judgement

In relationship matters you are far more interested in intelligence than good looks, erotic pursuits or the like. Your romantic yardstick is related to how much you can learn from partners, and to whether you can respect them for their understanding. You are often attracted to a partner who comes from a foreign land because stimulating cross-cultural contact means so much to you. Discussions and learning will be an integral part of the relationship. For you "beauty is truth, and truth beauty". Spiritual or philosophical insights are high up on your list of priorities. You believe in the principle of a merciful and loving God, and you have the capacity to show great devotion in religious matters. In your own intellectual growth you are more inclined to the arts than the sciences.

Venus Square Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - VALUES: Fortune

You have excellent aesthetic judgement, and strong personal values and convictions. You are suited to any profession which can make use of your ability to evaluate and compare - especially if this is connected to cultural or artistic projects. You also have a great ability to impress others with your charm and insight. You would be wasted in a job which did not allow you the opportunity to meet and

influence people. You can deal with cultural issues or artistic objects, you can travel in your career, you have diplomatic talent, you have a great sense of style. Success often comes easily for you, and you may thrive in the company of women, and have their professional support. Normally you are lucky, and a great deal of money can flow through your hands. How fast it flows is another question altogether. Your warm personality and optimistic view of the future are your greatest assets.

PERSONAL - VALUES: Fortune

You are an extremely loving and romantic person, and this brings both benefits and problems. Often you fall in love with love, and have difficulty settling into stable relationships because of your hunger for romance and emotional stimulation. You are however a great lover, and your attention makes your loved one blossom. There is a tendency to be attracted to a person who comes from a different culture or country - perhaps this is because of a need to widen your emotional horizons. There is a tendency to marry upwards in society. The most important value for you in a relationship is intellectual or cultural stimulation. You need to be able to respect your partner for his or her intelligence. A woman with this aspect has a great need for attention and appreciation, and particularly values the mental stimulation the partner can give. A man with this aspect has a great appetite for the opposite sex, and whilst intelligence is important, there is often a taste for exotic or good-looking women. Faithfulness may not be a strong point, though sooner or later there will be a tendency to tighten up moral values regarding love.

Venus Sextile Neptune

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - VALUES: Acceptance

You have an extraordinarily refined aesthetic sense. Disharmony evokes an almost physical unease in you, so you are strongly motivated to recreate balance in your inner and outer world. Professionally this can manifest in a career where matters of taste are important, or diplomatic talents necessary. You are especially suited to public relations matters, but your genuine compassion for other people may incline you to work helping others in some way. Although you may be strongly inspired by items of physical beauty,

you will rarely be satisfied by material well-being alone. You have musical and artistic talents.

PERSONAL - VALUES: Acceptance

You are willing to make sacrifices for love, and as an incurable romantic you are skilled at creating circumstances for personal disappointment, either through poor judgement regarding potential partners, or unrealistic expectations. You are looking for more than a worldly love - you need to feel as if your soul is touched by your partner, you need to feel a spiritual bond. To be happy in this area of your life you must understand and accept so-called imperfections in others. The perfect partner does not exist and you will never find him or her. It is important to choose an equal - not someone you idealise or want to save - and it is important that the chosen one shares ideals and dreams which transcend conventional relationship needs. Unhappiness and dissatisfaction in love is actually the result of unconscious impressions from your distant past, and these feelings actually have a spiritual purpose now.

Venus Conjunction Pluto

This aspect is of medium strength and its influence will often be felt, though not acutely. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - VALUES: Transformation of values

You have the ability to awaken deep sympathy in the hearts of other people, and you are probably willing to go to great lengths to be appreciated. Your attention to others can evoke a very positive atmosphere and genuine good feelings, if you learn to avoid a few simple weaknesses. You tend to go too far in pleasing others and trying to create a good impression. In this way you can monopolise some people and alienate those who are not impressed by your apparent charm. Businesswise you have a special talent for getting the most out of resources. You can see the value in items other people might throw away, and can turn waste into something valuable. Financially you must avoid the trap of getting into debt by buying prestige items. Do not throw good money after bad. Above all avoid becoming economically dependent on others - you could end up being manipulated.

PERSONAL - VALUES: Transformation of values

Your intimate relationships are characterised by their intensity. You are simply not interested in a superficial or casual relationship. You have a tendency to invest a lot of energy into winning love and attention and this is actually a

throwback to childhood experiences which equated love with survival. You will often feel that it is fate that has brought you and your partner together, and that nothing will break the bond that has been established. Unfortunately, an unconscious fear of losing love can result in many exhausting emotional scenes. Relationships can lurch from crisis to crisis. When these negative influences have been transformed you will discover a real talent for giving loving support to others.

Saturn transiting Square Venus

09-03-2018 -> 21-01-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - VALUES: Building self-worth

Economical issues come to the fore now, and you will probably find yourself having to work long and hard, perhaps without getting the financial rewards you would like. It pays to economise and save now, or to make very secure investments. By careful economical planning you can create the foundations for future growth, although short-term success is unlikely. Working on professional relationships may be necessary now, and you could be asked to make a long-term commitment.

It would be to your advantage to pay more attention to subtle influences on your career, such as your appearance and personal style. If you want to open doors which have been closed for you until now, learn for example the finer points of diplomacy and overcome clumsiness or shyness in dealing with people. An understanding and appreciation of taste and style can be the keys to much desired status improvements.

PERSONAL - VALUES: Building self-worth

You can expect many challenges in your personal relationships now. How great is your commitment? Can your affections stand the test of time? No trivial relationship can survive this period, simply because you feel that you do not have the time to waste on romantic attentions that are not genuine. Those people who are in long-term relationships will go through a testing phase - the old cliché

Drives

Mars In Cancer

PROFESSIONAL - DRIVES: Working with instincts

You work hard to create security and are strongly motivated

to create a strong base. Thus home and family are basic issues for you when considering a career. Strong attachments are formed to the people in the working environment, and if treated well you are very loyal indeed. However you are sensitive and can take offence easily. When your feelings are hurt you react very powerfully on an emotional level, and can be very temperamental - or just grumpy. You work best when in a job which demands a lot emotionally - perhaps a job with a caring function. There is considerable talent for dealing with the land, or with houses. You can be very warm and supportive, but otherwise you are a private person, very protective of yourself and those closest to you. There may be certain psychic talents apparent - in particular a well-developed intuition.

PERSONAL - DRIVES: Working with instincts

You have powerful feelings and convictions, and you can be very dynamic when you are moved emotionally. This can be both good or bad, as your temperament can dominate those closest to you. A man with this position of Mars will be extremely protective of the family and rather possessive. He expects a traditional kind of relationship, yet he also may well be prepared to do the cooking and look after the family. There is a strong sexual drive which only truly functions well when there is harmony in the relationship. Women with this position will be attracted to the emotional kind of man who is strongly motivated to take care of her and the children. Both sexes tend to suffer from emotional outbursts which stem from a deep emotional need for security.

Mars In 7th House

PROFESSIONAL - DRIVE: Competition

You are very dynamic and forthright in your dealings with others, and you need a job which provides stimulating contact. You thrive on a challenge and sometimes even look for trouble. As diplomatic talent is not your strong suit, you are best suited to a job as a trouble-shooter, cutting through to the real issues. You are rather provocative, and your manner evokes resistance or aggression, but this can be OK if you choose employment which requires competing with others. Partnership matters bring trouble because of clashes of the will, yet you may find you can work with someone who is very hard-working and is the dynamic force in the partnership. If you would like more harmony in your life it is essential for you to overcome a tendency to be defensive.

PERSONAL - DRIVE: Competition

You are drawn to partners who are dynamic and youthful in spirit. Women with this position are attracted to a certain

boyishness in the man - even immaturity. Men tend to like to act out an archetypal masculine role in relationships. Many troubles and conflicts arise in marriage, but you can thrive on them. It is best that something is happening at least, and you learn a lot from your sparring contests. The erotic element plays an extremely important role for you, and can be a major factor in the relationship. Better still for your relationship is when you can be dynamic and outgoing together, so that you can express your energy in shared projects rather than in private squabbling. If you wish to overcome the tension which constantly arises in partnership matters you must realise that you evoke irritation in your partner. You overreact when you feel your partner being assertive, and imagine aggressive qualities in the partner which he or she may not have. Your unconscious need to be provocative probably stems from your experience of your parents' marriage.

Jupiter transiting Square Mars

25-09-2017 -> 22-10-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

PERSONAL - DRIVES: Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as

an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

Uranus transiting Square Mars

23-05-2017 -> 23-04-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Sparks

This is a dynamic and inspiring period, though not without an element of danger. You can hardly tolerate anyone telling you what to do now, so you are likely to experience conflict with those in authority. If there is trouble at work, seen objectively it is probably you who is being unreasonable. Your restlessness and desire for change hardly inclines you to compromise and settle in to some boring job now. You need excitement, independence, and a challenge. You would function better on your own now, especially if you could do some travelling internationally. If you have been dreaming of setting yourself up independently, this is the time to do it. There is very little fear of taking risks during this period, and plenty of energy to go it alone.

This is an excellent period for taking initiatives concerning change and renewal. There is a strong likelihood of long-distance travel to exotic destinations. Unconventional work is favoured, particularly in connection with New Age matters. However patience is low, and temper is high. This is an explosive cocktail which can make you more provocative than usual, so take care. You may be fascinated by mechanical or technical matters now, and this is a good time to develop talents in this area.

PERSONAL - DRIVES: Sparks

This is one of the most impulsive periods in your life, and you can expect a lot of excitement - or trouble - in these months. There is a resurgence of energy and a desire to break free and do something different. Feeling bored is like the ringing of an alarm clock, which is telling you to take steps to create a more stimulating backdrop for your life. People at this time are inclined to take risks - parachuting, karate, mountain climbing and similar activities exert an almost magnetic attraction. Women at this time are inclined to get restless in their relationships and be rather provocative. If unattached there is a tendency to get involved with a very unpredictable type of man who can bring an element of excitement into the life. Often there are meetings with foreigners or long-distance travel in connection with love.

Sexually this can be a time of dramatic awakening, partly due to a more experimental attitude towards sex. Though love-affairs may serve to galvanise the mind and body now, relationships are characterised by tension and periodic separation. Men experiencing this transit will also be restless, and have a roving eye. For men too, this is a good time for sexual experimentation. The urge for freedom tends to threaten established relationships. To avoid sabotaging worthwhile relationships now, it is essential to find new challenges at work or exciting projects to undertake in your private life.

Wisdom

Jupiter In Cancer Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

PROFESSIONAL - WISDOM: Expand your intimate sphere
Professionally you are inclined towards a career in which loyalty to the firm is a high priority, and where there is a strong sense of belonging. You are able to express a strong concern for the well-being of your associates, and you can create a very secure environment. Understanding and insight comes to you through an instinctive feeling about what is right and what is wrong. You are strongly swayed by your emotional convictions in your judgements, for good or ill. You manifest a strong moral judgement. Personal success may not be quite so important to you as the well being of those you are close to, but these two things are not

mutually exclusive - you tend to experience good fortune. By trusting in your intuitions, and by putting the weight of strong feelings behind expansion goals you create the optimal conditions for success.

PERSONAL - WISDOM: Expand your intimate sphere

You were born in a year of profound cultural changes as regards family values. This change happened both on a personal and national level, giving a strong need to unite and belong. The passage of Jupiter through Cancer happened for example in 1989/90, coinciding with the independence of many East-European states and the unifying of the two Germanies. You will feel this influence on a personal level as a great welling up of intense personal emotion, and this emotion is particularly stimulated as far as intimate loyalties are concerned. You have a need to create strong bonds, and the emotional capacity to build up family structure across the generation gap. In many ways your values are traditional and conventional, and they are founded on strong moral convictions about what is right and what is wrong.

Jupiter In 7th House

PROFESSIONAL - WISDOM: Relationship rewards

One of your greatest professional assets is your insight into other people. You have excellent judgement and would succeed in a career in which people came to you for advice. You thrive when working in large concerns, and in a career which offers wide horizons. You are often helped on your way by older people who are favourably disposed towards you, and are generally fortunate in all partnership affairs. Generally speaking you choose to see the best in other people, and this attitude brings out the best in them. You are excellent at motivating people as regards the future, and this positive attitude evokes optimism in them. You have considerable diplomatic talents which are best used on a collective level where the ability to have an overall perspective is the essential ingredient.

PERSONAL - WISDOM: Relationship rewards

Other things being equal you have a very fortunate fate in relationships. Marriage will often bring social and material advancement for you, and you are usually lucky in finding a person who helps you and has your best interests at heart. The most important asset a partner can possess in your eyes is an intelligent and cultured manner. A wise partner imbues your life with meaning and expands your philosophical horizons. You are stimulated by a good discussion, but must take care that you do not fall out with your partner on foolish matters of principle. Differing

opinions tend to sabotage your harmony. Your partner may have special political or religious interests, or may come from another country. You can have great pleasure from travelling together and cultivating your shared cultural interests.

Jupiter Trine Uranus

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - WISDOM: Exhilaration

This aspect can last for a number of months and have a strong collective influence. If you harness this influence in your career you will have a strong idealism both socially and as far as introducing new methods are concerned. Your provocative views will be a challenge to the establishment. You are an internationalist, and wish to concern yourself with issues that cut across national borders. This can bring travel to exotic lands and contact with exotic cultures. You can channel enormous enthusiasm about the future into your career - for you the path of liberation lies in innovation and experimentation. You would thrive in an international organisation, and as you also have strong humanitarian tendencies you may choose to work in a field which has to do with social reform or perhaps consciousness-raising.

PERSONAL - WISDOM: Exhilaration

You have a driving need to expand your philosophical boundaries and this can lead to unusual personal interests and provocative opinions as regards both personal and social development. You can have some form of connection to the New Age movement, and are very interested in reforms. You will almost certainly embark on dramatic long-distance travels and experience enlightenment through new contacts established thereby. In relationships you are inspired by partners and groups who can share your untraditional interests. An international group can have a radical effect on your life. You pride yourself on your open-mindedness and tolerance - yet you are intolerant of intolerance. You tend to upset groups with your radical opinions, but perhaps you could achieve your goals more effectively by understanding the traditions that lie behind established opinions.

Jupiter transiting Opposition Jupiter

17-12-2019 -> 11-01-2020

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

Saturn transiting Opposition Jupiter

17-01-2018 -> 13-12-2018

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - WISDOM: Opportunity knocks

This can be a good time in your professional life, if you are prepared to harness your vision of the future to build something lasting. Doors can open for you now, if you have done the necessary groundwork. You can at least reap the benefit of all the efforts you have made to improve your training and experience. People in authority are liable give

you recognition, and this can lead to a change of status or well-earned promotion.

If you overestimate your abilities, and hope for success without making effort, then there will be few benefits from this period. You should be prepared to work harder, to wield more influence, and perhaps to travel in connection with your working responsibilities. This is a good time for dealing with authorities and formalising long-term future commitments.

PERSONAL - WISDOM: Opportunity knocks

You can expect some consolidation in your life which will give you greater security now. If you are the lucky type, you will benefit from real estate dealings or home purchase. Your status will be formally confirmed in one way or another. You can move up a few steps in life, if you are prepared to make the necessary efforts and have a positive expectation of the future.

You are challenged to overcome negative thinking now, and to work on your personal capacity to believe in yourself and have faith in the future. It can help for you to redefine your spiritual values and make a concrete effort to build up a more solid spiritual base. This is the time to make your opinions clear and to take a firm standpoint.

Jupiter transiting Conjunction 1st House

25-11-2019 -> 21-12-2019

PROFESSIONAL - WISDOM: Gain understanding

In some ways you have a larger than life image, with considerable intellectual charisma. Generally you will take an optimistic view of life's challenges, and seek to gain a deeper understanding of the meaning of your existence. Professionally you have the ability to motivate others through your example, especially as regards empowering others with hope and faith in what the future may bring. You receive a considerable boost every 12 years of your life, as Jupiter returns to its birth position.

PERSONAL - WISDOM: Gain understanding

You will have considerable influence on others through your opinions. At best you can really expand the vision and understanding of others, but at worst you can be rather intellectually dominating. You like to embrace broad views

and have little time for triviality - though plenty of time for humour. You enjoy life and know when not to take things too seriously. Other people can feel small or even ignorant in your presence - make allowances for this. You have deep convictions on a religious, political or philosophical level and probably enjoy a good discussion. Generally you display a great appetite for life, are willing to take a gamble and often ride to success on your unshakeable faith in a benevolent future.

Jupiter transiting Conjunction 10th House

17-03-2017 -> 26-08-2017

PROFESSIONAL - WISDOM: Believe in yourself.

Professional success should come naturally for you, and you may find yourself being helped on your way by influential people who are well-disposed towards you. Success will come in 12 year cycles of expansion and decline. Your ability to grasp opportunities before other people, and a strong belief in your own abilities contribute towards personal success. You are a believer in the principles of growth and laissez-faire, and you know instinctively how important positive thinking is for the achievement of goals. Failures can occur when you rely too much on blind faith, and visions must be backed up by strategic planning. International connections may be an essential ingredient for success. Your personal convictions may have considerable social influence, and people may pay well for your professional advice. This is due to your long-term vision and perspective.

PERSONAL - WISDOM: Believe in yourself.

You were probably fortunate to have a parent who encouraged you strongly to reach out and attain your dreams in life. From this springs a natural confidence in your abilities to get ahead, and a general trust in the world. With success comes influence and a belief in the validity of your views on life. You have to take care not to be too dominating when broadcasting these views in your personal life. Your predisposition for achieving success means that you should be able to guarantee security in partnership matters, and bring the possibility of advancement and higher status to a relationship.

Jupiter transiting Conjunction 11th House

09-12-2017 -> 10-09-2018

PROFESSIONAL - WISDOM: Social influence

You benefit professionally from the influence of good friends and people in high places. Your social connections are thus

very valuable, and you tend to be very lucky as regards meeting the right people in the right places at the right time. You would function well in a large organisation - especially if it has international connections. Your ability to gain an overview over large social organisations, combined with the many friendly relations you cultivate with people who have great influence, will bring success and prosperity in your life. Perhaps being member of a club will bring certain privileges for you - at least it certainly does not harm your career if you mix with the higher echelons of society.

PERSONAL - WISDOM: Social influence

Great benefits come to you through the kind guidance of good friends. A particular person or a particular group can have a considerable influence on your intellectual development. You cultivate the best contacts and other people may experience you as rather elitist or snobbish because of the people you choose to spend your time with. From your point of view, mixing with successful or cultured people is essential for your own development. Their good fortune rubs off on you. You too will in turn be able to benefit other people through your own insight or knowledge - particularly if you work with groups in some way. You can attain an influential position in society thanks to your social vision or ideals about the future.

20-10-2018 -> 15-11-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - SELF-RELIANCE: Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between

learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

PERSONAL - SELF-RELIANCE: Expanding the framework
At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

Originality

Uranus In Scorpio

Uranus In 10th House

PROFESSIONAL - ORIGINALITY: Make your vision real
Career satisfaction will come to you when you feel you are working with something really original. You may have a professional interest in future-orientated matters, modern technology, international travel or humanitarian issues. If your work is too conventional, you may easily become bored - you have a strong professional need for excitement. It is difficult for you to thrive under the leadership of others, as you are an innovator who wishes to see old things done in new ways. This can lead to sudden professional conflicts, which may result in radical career changes - particularly around the age of 42. At some point in your life you may turn away from being employed by others and strike out on your own in an untraditional area. This may be connected with New Age interests. But as long as you are employed, it can be necessary for you to learn from the professional experience of others, instead of instigating renewal.

PERSONAL - ORIGINALITY: Make your vision real
You like to manifest yourself and your talents in a unique way, and this can make you a rather unusual and even provocative person in society. You have probably inherited this propensity to be unconventional from one of your

parents. Radical and unexpected changes in your childhood have awoken in you a sense of the unpredictable. You know that you cannot rely on stability in domestic or career matters, and this gives you a flexible or experimental attitude towards life. In partnership matters you would appreciate support for your need to branch out on an original direction in life, and a partner who can accept your embracing a role in which you have a radically different status in the eyes of others. You may have technical and engineering talents.

Jupiter transiting Conjunction Uranus

19-11-2017 -> 07-08-2018

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - ORIGINALITY: The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

PERSONAL - ORIGINALITY: The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

Transcendence

Neptune In Sagittarius

Neptune In 12th House

PROFESSIONAL - TRANSCENDENCE: Spiritual longing

You have a deep consciousness of the universality of suffering and may be moved to work in some field in which you can minister to the spiritual and emotional needs of others. You can work with people who are isolated from society in some way, or you may choose to isolate yourself. On a practical level you have a talent for working with the intangible in the professional world - advertising and film, drugs and chemicals, music and poetry for example. You have the capacity to draw from a deep well of intuitive knowledge in your working life, and this talent can be harnessed in work of a more subtle nature - clairvoyance, prayer or world service in one way or another.

PERSONAL - TRANSCENDENCE: Spiritual longing

You have a need to seek meaning on a deep spiritual level, and you will during the course of your life try to define your spiritual values and beliefs. At an early stage of your life you will be disillusioned by the traditional beliefs you inherit from family and the society around you. Formal spiritual service cannot satisfy your deep longing to be at one with the universe. You may be inspired by ideals of self-sacrifice and martyrdom, and as such find appeal in the Christian faith, yet you are destined to be disappointed if you invest your hopes in doctrines and spiritual figures. Through a lifelong process of inner refinement, and perhaps through some special form of personal sacrifice or withdrawal from society, you will ultimately find meaningful spiritual values. You can find refuge in nature, the sea and creative retirement.

Neptune Sextile Pluto

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - TRANSCENDENCE: Mass vision

These aspects are very rare and last a very long time. Indeed, as Pluto moves within the orbit of Neptune in the closing years of the 20th century, the present sextile aspect between the two planets lasts from 1940 to 2040 - one hundred years - so almost everyone has it! If you are able to manifest this influence on a personal and professional level (through powerful contacts in your own horoscope), it may be connected with a deep spirituality and creativity. There can be talent for dealing with the media and wide-ranging themes connected with the masses. Material issues will be less important for you than the realisation of a collective dream. There can be clairvoyant powers, and abilities connected with dreams, symbols and visualising. In industry

there can be a talent for dealing with oil, the film industry or the transforming power of collective visions.

PERSONAL - TRANSCENDENCE: Mass vision

If you have this influence powerfully evoked by other factors in your horoscope, you will be deeply affected by spiritual issues, and constantly seeking to refine your consciousness. At these times you are likely to experience great personal disorientation and confusion, as old dreams and visions are replaced by new, deep psychological insights. Inner growth will have major priority in intimate relationships. During periods of your life you will undergo deep transformations in which your fantasy and imagination will play a powerful role. It is essential to learn to use your imagination in a positive way by learning about the power of the unconscious.

Neptune Sextile N.Node

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - DESTINY: Living a dream

Though you tend to keep yourself on the outskirts of the organisations and groups which constitute society, you may be able to exert a quiet influence on the collective mood through your deep concern or high ideals about human life. You may have Utopian principles with completely unrealistic dreams about human nature and social relationships, but you do have a guiding vision for humanity. You may have the ability to channel collective visions through the power of the media. People project their hopes and dreams onto you.

PERSONAL - DESTINY: Living a dream

Your life is a journey in search of the unattainable. You are guided by feelings and intuitions which go completely beyond your personal ego, and you may feel - or long for - a sense of connection with eternal forces in the universe. During the whole course of your worldly existence you are reminded of the emptiness of so-called reality. Many disappointments arise to remind you of the futility of worldly ambition, and the field of human relationships is pervaded by an aura of dissatisfaction. You are in the world, but not of it.

Jupiter transiting Conjunction Neptune

31-12-2018 -> 24-09-2019

Major changes will occur in the area of your life described

here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

PERSONAL - TRANSCENDENCE: Balloons and bubbles

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

Neptune transiting Square Neptune

21-02-2017 -> 09-02-2020

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSCENDENCE: Spiritual readjustment

This influence is experienced by everyone around the age of 41, and as such its effect is rather general. It is however important to consider to what extent your career lives up to your dreams and ideals, because this is the time when you can adjust working rhythms to incorporate some of your dreams. If you have a predisposition for escapism or lack of organisation, you can expect to be confronted by a general sense of dissolution. It can pay to take some time off to tune in to Nature and spiritual or creative interests. At the same time you may wish to review the influence of alcohol or drugs on your life and make some changes.

PERSONAL - TRANSCENDENCE: Spiritual readjustment
Everyone aged 41 will experience this influence, though those with Pisces on their Ascendant may react more strongly than others. This is a good period for spending time on spiritual, creative, musical and artistic interests, and in general you should pay more attention to inner rather than outer needs now. You may expect some spiritual reorientation as you consider the basic meaning of your life. If you feel any inner despair or meaninglessness, then this is a signal for you to take steps to nurture your soul life. Be particularly aware of the negative affects of alcohol and medicine misuse.

Transformation

Pluto In Libra

Pluto In 9th House

PROFESSIONAL - TRANSFORMATION: Ideology

You have extremely strong ideological convictions, and you are prepared to fight for them. This intensity and determination can be an asset in a job which requires more than the gentle art of persuasion as regards getting the other people to see your point of view, or if you have to work with getting a difficult message across. Knowing the weaknesses of the human mind you can learn powerful communication techniques and use them in a very convincing manner. You know how to make an offer people can't refuse. You also understand the power of a faith or belief, and you have the psychological capacity to change other people's ideas through the power of your own beliefs.

PERSONAL - TRANSFORMATION: Ideology

The pursuit of truth and understanding can sometimes be seen as a survival issue for you. In your upbringing you may have been the victim of a strong-willed person with tyrannical convictions, perhaps at home, perhaps in school. At any rate you now identify very strongly with your own convictions, and have an irrationally strong reaction when people disagree with you, or try to influence your beliefs. You are intellectual inflexible. Relationships can stand or fall on ideological issues - particularly if you have a Scorpio Ascendant. Yet, if you look back on your own past you will see that you have totally abandoned ideas you totally believed in and fought for - so is it wise to defend your ideas with such intensity now? A transformation of beliefs brings a deep psychological change in you in the late thirties. This may be connected with a journey which brings emotional catharsis. At this time you may discover a talent for

psychological or spiritual matters.

Pluto Conjunction N.Node

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - DESTINY: Survival in extremity

You emit an aura of power in your social relationships, and you may get involved with groups or organisations of a secretive nature which exert a powerful yet hidden influence over the masses in society. A role will be found for you at times of great upheaval, and you will often be called upon to preside over or witness the forces of change which are completely beyond the control of normal institutions, when the hand of fate crushes the safe structures in society.

PERSONAL - DESTINY: Survival in extremity

Profound upheavals or staggering transformations can change the course of your life at key moments in your development. You will be exposed in one way or another to the destructive forces in society, or to the inner demons of fate, and this may force you to make ruthless decisions to ensure your survival. Archetypal memories of death or destruction can trouble your unconscious mind. You may also be exposed socially because you awaken anxiety or sexual undercurrents in others. You will be no stranger to loss, but you have no difficulty in turning your back on the past and starting anew.

Jupiter transiting Conjunction Pluto

12-04-2017 -> 06-08-2017

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSFORMATION: Power play

During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

PERSONAL - TRANSFORMATION: Power play

There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

Saturn transiting Square Pluto

05-01-2019 -> 29-11-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSFORMATION: Bonds on power

This influence may not be felt very strongly, unless you have strong Scorpio traits. This is a period when you are confronted with power manifestations in society, and it can be necessary for you to summon up reserves of strength and determination to handle situations which seem beyond your control. Take care in your dealings with police, tax authorities or underworld characters, as you are liable to meet people and groups who are in a position to humiliate you. In professional matters you have to take a closer look at what goes on under the surface. Eliminate any corrupt elements, and look more closely at your motivation when asserting your power.

PERSONAL - TRANSFORMATION: Bonds on power

Though sometimes rather subtle, this influence can release powerful elements in your unconscious mind. If you are a victim of emotional states such as jealousy and paranoia, now is the time to make an effort to deal with them. Deep-rooted psychological complexes which manifest as obsessive behaviour will surface now and the more you try to repress them, the greater power they will have over you. A sure danger sign is if you start accusing other people of evil behaviour, or if you feel that you are being shadowed or persecuted. Inner demons manifest in outer events now, yet solutions are to be found within your own being. You can contact archetypal forces now, for example through shamanism.

Destiny

N.Node In Libra, S.Node In Aries

PROFESSIONAL - DESTINY: Two to tango

The early part of your professional life is characterised by a strong need to excel and make some impact in a unique way. There is an emphasis on your personal independence, and you have the tendency to go it alone in your career. There is a desire to be number one in what you do, and in the early stage of your career you make dynamic efforts to achieve a special individual status. However, you are likely to discover that career satisfaction eludes you, when you attain personal success, and that success itself is difficult to attain alone. It is your destiny to subordinate your ego needs to a growing awareness of the importance of professional relationships. Personal advancement alone cannot satisfy you in the long run. You achieve far greater satisfaction when you involve yourself in co-operative ventures and share successes with other people who are on your wavelength.

PERSONAL - DESTINY: Two to tango

A major dilemma in your life is in finding a balance between listening to and acting upon your own personal needs as opposed to taking into consideration and compromising with the needs of others. You are inclined when young to exclusively follow your own inner voice, reasoning that you must take care of yourself first. You insist on your independence, and see compromise as weakness. However this independence can bring loneliness or emptiness, and a deep longing arises to share your life's experiences. A transition comes in which the emphasis shifts towards awareness of the needs of others, and in partnership matters you will desire to make a stronger commitment. By embracing the challenge represented by dealing with another on an intimate level, and by exchanging hollow independence for an enriching partnership, you attain a new harmony in your life.

PROFESSIONAL - DESTINY: Gaining an overview

You are a person with a natural talent for communicating. The need to maintain connections and keep in touch with others is a powerful motivating factor early in your life. You know a lot of people, and you spend considerable time socialising with them. As you mature, you will derive less and less satisfaction from the endless whirl of your social rounds, and there may be the sense of being full up to the brim with other people's ideas and opinions.

At this point you embark on a wisdom-seeking journey.

PERSONAL - DESTINY: Gaining an overview

A turning point comes at some point of your life - particularly around the age of 37. You feel a strong need to define your own ideas and opinions, instead of regurgitating the ideas of other people. You also need to seek the mountain air, getting away from the demands of family and friends. The triviality of your everyday life begins to pall, your words seem empty or borrowed, and the things you have learned seem bereft of deeper meaning. This dissatisfaction may lead you to a life of serious study, in which you strive to gain an overall perspective which makes sense of people's busy lives. This may be coupled to a strong philosophical or religious experience.

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - DESTINY: Understanding karma

You can expect an expanded circle of contacts at this time, with a special emphasis on people who are seeking influence on a large scale in society. Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

PERSONAL - DESTINY: Understanding karma

This is a time when meetings have particular significance in terms of karma and your growth as an individual soul. You may have a powerful experience connected with some group activity now and gain greater insight into your soul and your fate as a human being. There is also a strong tendency to be drawn into a web of spiritual illusions - though you will surely also have rewarding experiences. You are drawn to partners who have a deep significance for you now, for good or ill.

Saturn transiting Square N.Node

31-12-2018 -> 22-11-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DESTINY: Group responsibilities

This period is characterised by a professional commitment with a group and the responsibilities that this commitment involves. The interests of the collective may turn out to be more relevant for your career development than your own ambitions or desire for status. Older people in authority may impose limitations on your development, and you can experience a compelling need for greater self-discipline to deal with the demands made on you. The decisions made now can have an important formative effect on your destiny. Benefit comes through subordinating ego needs for the good of others, and accepting the hand of fate, as it moves in your career.

PERSONAL - DESTINY: Group responsibilities

This is a time when time will stand still for a while, so that you can take stock of your ambitions and goals in life and see where they have led you. It is a fateful period in which your responsibilities to others and your role in society can become very important. Some people feel that their life direction leads to a blind alley in these months, or that plans for the future are futile and empty. There is benefit to be attained through inner spiritual discipline, as the hunger felt at this time can not be satiated by outer success.
