HOW TO READ YOUR ASTRO CALENDAR REPORT

The AstroCalendar report from World of Wisdom enables you to plan your moves for a period of three months and to perfect your timing in your love life, your relationships and your career. This report is based on the movement of the planets in this period in relation to your birth horoscope (which is shown as a full color wheel at the beginning of the report). Transits of all the planets - Sun, Moon, Mercury, Venus, Mars, Jupiter, Saturn, Uranus, Neptune and Pluto - are mapped, and the precise influence of these contact to your birth chart is described in a short and concise text.

However, it is not enough to read about an influence. What is important is to know how to act. There are times when it is crucial to take action, and times when it is wise to keep a low profile or remain passive. In relationships, sometimes you need to powerfully defend your position, at other times it helps to know when you may be on the wrong track. The AstroCalendar report helps you by imagining what kind of questions you might ask yourself as a result of the astrological influence. And providing answers.

What would happen for example, if the planet of love, Venus, came to conjoin Mars in your horoscope? The AstroCalendar report describes this influence in this way:

Love and Excitement: You are turned on today. Dance, romance and make love. Be assertive and forget the finer sensibilities for a while. Enjoy your desires.

It then goes on to suggest that you may ask the question: Is it OK to flirt? and the answer is clearly: If you don't flirt today, you'll never flirt. The suggestion of sex definitely spices up life, and today you should be thinking about how to be more alive..

By using a question and answer technique in the reports (there are three questions and three answers for each influence) you, the reader, have to really think about what you are feeling, and if you are in doubt, then the answers will enable you to follow what you unconsciously know is the right path. In this way you can use the report to plan ahead, avoiding days when negative trends decrease your chances of success, and making the most of days that are astrologically favorable for you.

Whilst this report shows trends that last from just one day to several months, it is important to also understand your personal birth chart in depth. If you have not already had one made, it is really worth ordering World of Wisdom's Birth Horoscope report. This describes your character in detail, both in relationships and in your career, and it also contains a more detailed description of long-term trends that are affecting your life in the years ahead. If you would like to learn more about your horoscope, a concise description of the planets, signs, aspects and houses is included at the end of this report.

Some things to remember when you read your report: Some things to remember when you read your report:

Your birthday: The program registers when the Sun returns to the exact place it was when you were born. In some cases this can happen on the day before or after your official birthday!

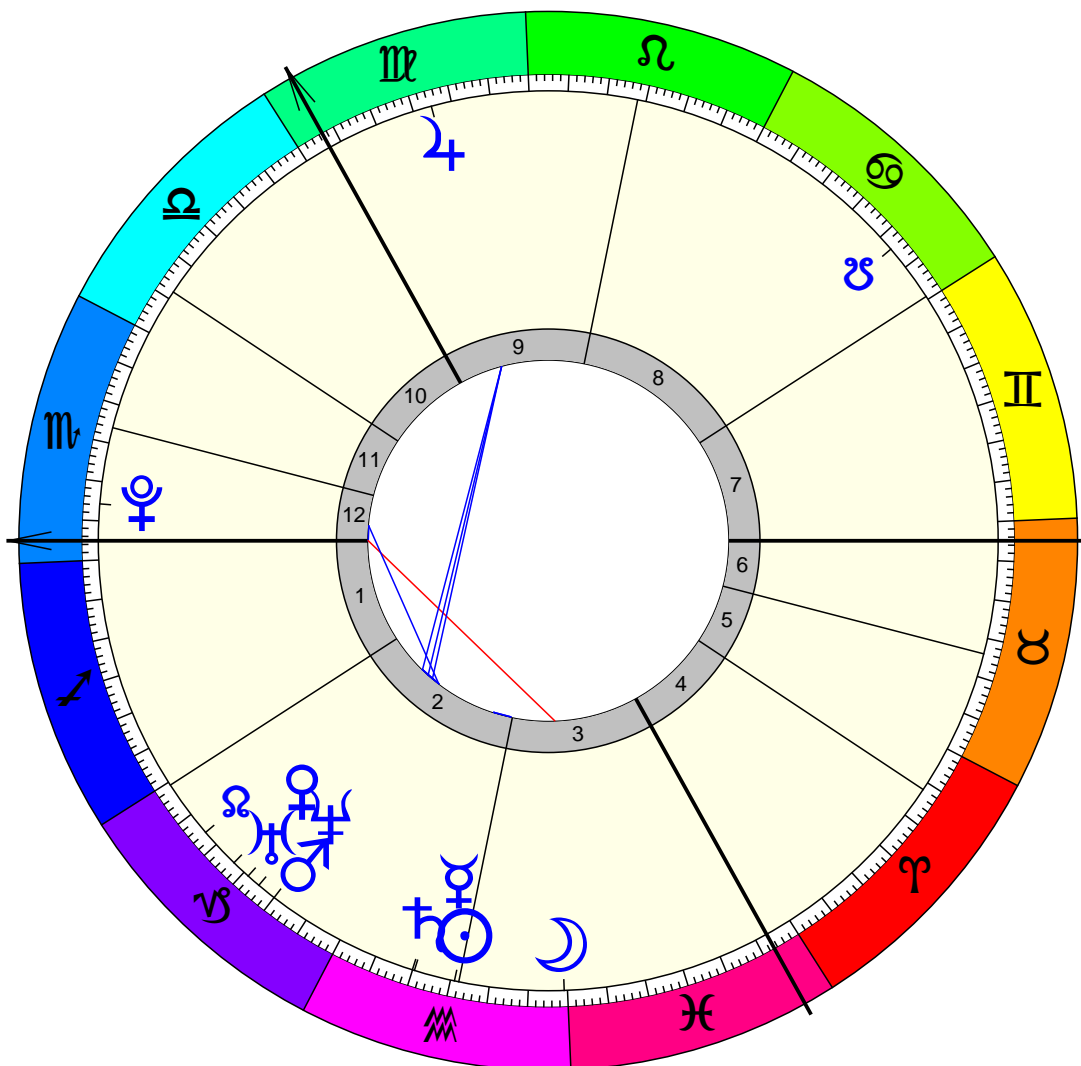

If you find there are days when there are no influences, this is because no planets activate your birth horoscope that day (although the Moon will).

The influence of the Sun, Mercury, Venus and Mars is very transient, whilst that of Jupiter, Saturn, Uranus, Neptune and Pluto can last many months. All the interpretations take this time element into consideration.

Retrograde movement: Occasionally the planets appear to stop and move backwards (owing to their relative movement in relation to that of the Earth). This can mean that the same influence will be shown more than once in the report.

You can. But decisions are necessary. Your survival abilities are called for, and that means being ruthless and unsentimental. After the darkness comes the light.

You'll need to assert yourself without being dominating. There is a tendency to project the full force of your personality. This may work if combined with charm and nobility.

Transiting Venus challenges your Venus

LOVE AND MONEY ISSUES: Finance or romance - that's where the focus is. Try to avoid the old mistakes, but make sure you capitalize on your successes.

How can I improve my sense of self-worth?

Outer worth is reflected by the money you earn, the things you own and the people you associate with. But self-worth comes from an inner feeling of satisfaction. That's the place to start.

What should I guard against today?

Don't oversell yourself, or turn on the charm too high. You can pay too much for the privilege of feeling good.

Yes - see your loving qualities today, and know you ARE worth it. Think of all the good things you have done, direct your attention at your heart, and let it fill up with love.

What is the best reaction to praise today?

Receive it with grace. Be mutually complimentary. Above all show your appreciation to others who make the effort to praise you. Be the person others want to see.

With great generosity. Take your loved one out to an expensive occasion. Spare no expense. It's time to live like royalty, if only for a moment.

Transiting Venus challenges your Uranus

ROMANTIC RISKS: You're tempted to cross boundaries today. Risks in love bring excitement but no security. An experiment may be called for to reduce distance.

It's not wise. The urge for independence is strong, but there can be regrets. Take a day off from the demands of love, and meet some interesting and exciting people.

How are new people who come into my life today?

Those you meet today are on the fringe. There is an aura of unreliability. This may not be safe. Amazonian women declare their rights, but protest too much.

With respect for your educational roots, and those

who have helped you, build a bridge to new fields of intellectual endeavor, new people, and new subjects that are more in tune with your future.

Transiting Venus challenges your Neptune

DREAMS AND DISAPPOINTMENT: When the bubble bursts, the longing remains. Love is unrequited when it is unrealistic. Only spiritual bonds stand the test of time.

You'd be making a mistake if you did. There are people out there who know how to pluck your heartstrings. Don't fall for a sob story that could end up being yours.

How can I find happiness in love?

Life and love is transitory but we are all in the same boat. Indulging feelings of sadness about this can be habit-forming. Compassionate acts neutralize sadness.

What's the best attitude to financial proposals today?

Transiting Venus challenges your Pluto

PEARLS BEFORE SWINE: How far will you go to avoid loss? Whether it's love or business, don't go over the line today. Set limits, and if necessary accept loss.

To what extent should I go to preserve a relationship?

No further. Don't beg or crawl, as this makes matters worse. It's the hidden psychological issues that bring

you to the edge. But don't let your lover be your therapist.

Should I continue pumping resources into a project?

Do not throw good money after bad. Cut your losses if necessary and put loss-making ventures firmly behind you.

How can I deal with jealousy and fear of loss?

Therapists work wonders. Alternatively bring out the demons into the open. Talk about jealousy with your loved one, and it will wilt and die.

Transiting Mars challenges your Uranus

DANGER MAN: If you are provocative and contrary, you invite trouble. Impatience and boredom lead to recklessness. Act in haste and you'll repent at leisure.

How should I handle the unpredictable?

Sudden change can be completely beyond your control. Don't try to find causes. Concentrate on the new situation - there may be opportunities that you never thought of.

What will turn me on today?

Breaking the rules will turn you on. You can take a walk on the wild side, do what you mustn't, be naughty - just be aware of the risks involved.

Shall I insist on what I want?

You'll make enemies. There is no rhyme or reason to your desires today, and by insisting on them you will alienate others. Still, sometimes it's good to be bad.

Transiting Mercury challenges your Uranus

FOOT IN MOUTH: There is no virtue in being provocative. You feel alienated, and the lines of communication are broken. Differentiate between genius and madness.

Should I mobilize my diplomatic talents?

As hard as you try, you are unlikely to succeed with diplomacy. You may try shock tactics, but this just brings disruption. Perhaps it's better to go off alone, and experiment with something different.

Will travels and communication run smooth today?

It is very unlikely. Disruption happens when you least expect it. Perhaps this is what happens when you rely too much on technology. Take things as they come without expectation.

Why am I misunderstood?

Ask yourself rather whether you have made any effort to attune yourself to the thinking of others. If you can't enroll others, then your ideas will come to nothing.

Transiting Sun challenges your N.Node

MISSION CROSSCURRENTS: You meet people who trigger speculation about where you are going. Resist the draw of the past... be guided by your future dreams.

So, where am I going?

There are things you have done well in the past you are tired of, and things that attract you in the future that you'd like to involve yourself with. Attune to the future.

How can I know who to associate with?

Those people connected with parts of your past which no longer inspire are not as important now as those who you feel have a message for your future.

How can I become more in tune with my destiny?

This is a crucial issue and involves the whole of your being. Slough off outworn modes of being - you know your weaknesses - and embrace what makes your strong, even if there are many challenges.

Transiting Mercury challenges your Neptune

SCRAMBLED COMMUNICATION: What you see is not what you get. Dreams distort your perception. You avoid the truth. Don't let your imagination take control.

Should I put confidence in what people say to me today?

You should not. People may simply be lying to you, or you may not be listening properly to them. You hear what you want to hear.

Should I be direct and truthful with others?

A good question! As a general rule, yes, but today it could be wise to conceal your thoughts. Maybe it's best to tell some white lies. Protect your dreams.

Should I do administrative or creative work?

Creative work. Administrative work will bore you, and worse, you can get important details wrong. Relax, dream, and take time off to swim, watch films or dally in Nature.

Should I try to compromise?

No, you should fight for your ideas, even if agreement

is not possible today. Bare your teeth, then people will realize you are not a pushover. But don't bite.

How shall I deal with exasperation and provocation?

(90 degrees... orb 6 degrees)

Key word: Tension

This aspect occurs when planets are at right angles to each other in the chart. It shows two needs at war with each other. This brings considerable dynamism, but a lot of trouble.

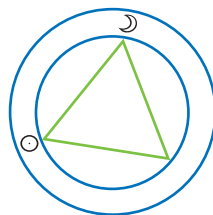

The Trine

(120 degrees ... orb 8 degrees)

Key word: Harmony

This aspect occurs when planets are a third of the circle away and normally in the same element. This shows the harmonic confluence of needs, bringing happiness and harmony.

The Sextile

(60 degrees... orb 4 degrees)

Key word: Creativity

If the circle is divided by a six-pointed star, the sextile would take place on two of the points next to each other. There is both dynamism and pleasure connected with this aspect.
