Report for January 07, 2018 to January 07, 2019

Dear Delaney,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

After the initial excitement of entering your teens, at the age of 14 you become more and more aware of areas of your life where there are challenges to overcome. In these areas your self-confidence is low and you tend to be defensive. When challenged you may conceal your insecurities and project a confidence you don't really feel. You want to appear as if you know about things which you do not have any real experience of. You have a great body of knowledge concerning administration and organization which gives you skills in dealing with people at work, and insight into interrelationships both on a practical, health and spiritual level. You have strong convictions about the supremacy of efficiency and good planning. This will reflect itself in the expansion of your horizons through travel and education, and success through your teaching and mentorship capacities. The current year is an excellent time to expand activities in these areas. You can expect to meet some serious difficulties over the next couple of years, and it is the way you overcome these difficulties that count as a character-building exercise.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your

personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around December - 2017 and will ebb out around March - 2020. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

Opportunities for Success

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and influence at social gatherings.

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from November - 2018 to December - 2019 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 14. Three very important issues that make this year special are:

- A period when you are driven to investigate the deepest secrets and gain a new wisdom that transforms your understanding and beliefs. A journey can bring spiritual renewal, or contact with a mentor or the ideology of a group can profound change your ideas.
- Your heart is opened and there is a growing desire for both romantic satisfaction and material comfort. Appetites are strong - so strong that they can lead you astray. Ethical principles and moral consideration tend to recede into the background when desires rule.

- You embark on a process of mental experimentation, gaining familiarity with new communication technologies or mental developments methods. This is a time when you encounter new languages and travel considerable distances to ensure that you are where it is all happening.
