Birth Report

Dear Robyn Beenken,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mars Conjunction Neptune". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

There is no doubt that moral issues are a big challenge for you in your life. Early experiences may have inclined you to be wary of acting spontaneously and openly, and this can give rise to great misunderstandings and often deceit in relationships. Women with this aspect will often find themselves getting attracted to men who disappoint them, perhaps through lying or being unfaithful, or through alcohol misuse. Men have problems regulating their material and sexual appetites. Women are attracted to creative, artistic or spiritual men, who fulfil their inner need to also develop these qualities. Whilst falling for a sensitive man however, there is paradoxically a fear of weaknesses in the male. An exaggerated focus on these supposed weaknesses and a fear of being lied to by the man actually causes the man to conceal his true desires and needs. This can result - in extreme cases - in a double life. The man with this influence cannot find satisfaction in simple material and sexual gratification, no matter how hard he tries - and he tries hard. Happiness comes when both sexes learn that satisfaction is only to be found in creative or spiritual goals - partnership will not in itself provide it. Dissatisfaction has to be seen as a divine discontent which drives the person to higher achievements.

How this influence affects your professional life:

Learning to be motivated and being able to define what you really want to do is one of the greatest challenges for you. You have many talents, especially on the creative side, and these can express themselves in advertising and marketing, matters concerning body energies (for example healing and massage), and many other areas - including social care. Paradoxically you have high ideals, yet may get involved in ethically questionable ventures. You can be driven by a nagging dissatisfaction connected with the meaning of what you are doing, and you thrive best when you work creatively or for a cause which transcends material interests. Doing something you believe in is what motivates you. You have strong socialist impulses. There is an extraordinarily repetitive theme about being cheated which can affect your working conditions. You will experience on occasions that people go behind your back or over your head - seemingly without any explanation. This is connected with your perfectionism and a tendency to express dissatisfaction. People hide things from you partially to avoid experiencing your disappointment. If you analyse your own behaviour you will discover that you also have a tendency to hide things from others! By being honest and accepting apparent imperfections, you can avoid unpleasant repetition of these happenings. It is also important for you to speak your mind and take a confrontation when it arises, to clear the air.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Uranus Sextile Sun". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This is an exciting and breathless period which brings dramatic new awareness and consciousness change. Above all it is a time to set yourself free and enjoy a world without boundaries and restrictions. Perhaps your loved ones will have difficulty appreciating how strong your need for change is, but this is not the time to compromise. This is your time, and you must avail yourself of the opportunity to change your attitude to your life. You can meet some very exciting people at this time who come from exotic countries, or who have unconventional and inspiring interests. Involvement in groups is particularly favoured, especially as regards consciousness-raising activities. It is as if you are electrically charged and full of new energy, so grasp the opportunities that arise. You can accomplish far more than normal in this short period. It is also possible that you feel bored or tied down now, and this is because of the awakening need for change. Change can come suddenly and unpredictably, and when it arises, you should not miss your chance. This is an excellent period for sudden insight into your identity, and for renewed spiritual awareness.

How this influence affects your professional life:

This is a dramatic time of change which favours those who are willing to take a risk concerning the future, but upsets those who would prefer things to continue as they are. Now is the time to make some revolution in your life by grasping modern trends and setting out on untrodden paths. If economic safety and job security are your main priorities, you could be in trouble. Unpredictable things can happen now because change is on the agenda. If you take an objective view of what you are doing now, you will almost certainly see that if some kind of renewal doesn't take place, you will die of boredom. Do not avoid necessary change now - you should be prepared to make daring and radically new decisions - let yourself be swept along by the excitement of the times. Opportunities now are connected with greater freedom and independence. You can drop work which restricts your movements and consider more flexible working hours. This is a favourable period for free-lance work, or temp work which gives you more time to do the things which really interest you. Working with new technology, computers, fax and modern communication is particularly favoured. If

you have New Age interests, this is the time to really go for them. You may find yourself travelling more internationally, or getting involved with foreigners. Humanitarian issues can be important.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
