Report for December 31, 2017 to December 31, 2018

Dear Stephanie,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

During the course of your 32nd year you have the need to realize your relationship potential. It is important that your romantic needs are met at this time, and that you feel valued in your relationships. Feelings and passion need to be integrated - love and Eros go hand in hand, and you want fulfillment on all levels. If you are unattached, then this is a year when your attraction peaks, and potential partners come your way. If you are in a relationship, it needs to be satisfying; otherwise your eye may stray. As this is not a year characterized by the best judgment, or wise ethical choices, you may be tempted to allow yourself to be guided by your passions, though this may not necessarily be a bad thing in the long term.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction.

These new influences started growing around December - 2017 and will ebb out around March - 2020. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

Opportunities for Success

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and influence at social gatherings.

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from November - 2018 to December - 2019 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 32. Three very important issues that make this year special are:

- Both on the romantic and economic front there are obstacles and difficulties. The flow is blocked, and you do not receive the support you want, which initially undermines your self-worth. Keep expectations low and cultivate frugal habits - you are building solid foundations for the future.
- There are daunting challenges ahead which initially undermine your self confidence and belief in your capabilities. Progress is slow or non-existent as obstacles arise at every turn. Through concerted effort and perseverance you prove to yourself that you can do it.
- Your hopes and dreams meet the demands of reality. If you are trying to escape from trying circumstances, you are reminded of your social responsibilities. If you understand how to work with limitations, you may be able to establish the foundations for a creative or social idea.
