Birth Report

Dear James Conley,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mars Trine Pluto". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

You have experienced a number of deep traumas in your childhood through events which may be secret or repressed. This can be linked to the influence of men - particular your father or a brother. Often a stepfather or half-brother plays an important role. Sometimes a sexual theme is involved. You may also have been deeply affected by someone who had a deep psychological problem. In some way your will was totally overridden at some point in your childhood, and you are profoundly affected by the humiliation this incurred. It is also possible that you experienced your father - who was dominating, but weak - being humiliated in some way. Later on, intimate relationships are characterised by great intensity and power games. There is a need for a strong partner who can stand up and fight his or her own battles. Women with this aspect are profoundly attracted to magnetic and powerful men. Such a relationship develops predictably: where the man initially starts as the dominating figure, the woman begins to discover weaknesses as time goes by, and in doing so loses respect. When the relationship ends, the roles have been reversed and the man often ends up in a humiliating position. Men put too much focus on sexuality and the need to demonstrate masculinity. Jealousy and control can be dominating, though concealed, factors in love. The relationship tends to

be marred by criticism of weaknesses and bitter discussions over influence. Often therapy can solve difficulties connected with the complex psychological projections involved in this kind of relationship. As time goes by you will discover the benefits of your enormous energy resources and latent power. As a result you stop struggling against imagined power misuse, and simply no longer feel threatened. Deep satisfaction comes from discovering psychological and psychic talents.

How this influence affects your professional life:

This influence has a major effect on your career. In your life you are confronted with the issue of power - and powerlessness. You may not be aware of how forceful you are, and therefore you often encounter confrontations and get involved in power battles. Your strength in this area equips you to deal with crisis situations which other people would rather avoid. Thus you can get involved politically or socially, perhaps in trade union activity or in the corridors of power. Although you have a lot of abilities in this respect you may not find great satisfaction in these areas. You have a good deal of psychological talent, and may find fulfilment in helping people in crisis, or people who have adjustment problems. You may have psychic or healing talents. You work hard and very intensely, often into the late hours, and actually you may have difficulty knowing when to stop. It is important to identify this obsessive quality, otherwise you can drive yourself to collapse. By structuring your working hours, you can avoid exhaustion. Life would be easier for you if you were more relaxed. You are very sensitive to what you consider the misuse of power - this is connected with humiliating situations connected with will and power in childhood. Later in life you run into similar situations, especially with authoritarian or dominating - even tyrannical - men, and you tend to overreact. This leads to battles of the will which are quite exhausting - even more for others than yourself. These situations are best defused by seeing them in a different light. By clearly showing others the limits you are prepared to accept, and by sticking to them diplomatically, you can win respect and avoid power games. Remember, if your motives are straight, you will attract people who will be straight with you. It is important for you to think positively about others. You are a powerful ally and a dangerous enemy.

As you mature, you will get better and better at making the most of

your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Saturn Square Mercury". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This is a period in which you have more than the average amount of worries. There are many practical issues to be solved, and there is no other alternative than to get down to each issue and concentrate on one thing at a time. It is important to organise your time more efficiently. Problems particularly arise in the area of communication. This is the time to address these issues and find practical solutions. If you feel unsure of your intellectual abilities or that you lack the necessary training to do what you want, then you should make a commitment to improve now. You need to spend more time talking and listening to your partner - there are issues which need to be solved. Problems can also arise in connection with sibling relationships or neighbours, and if you are patient and diligent you can find long-term solutions. Discipline your daily life and realise creative dreams.

How this influence affects your professional life:

You are challenged now to get organised and to administrate your time sensibly. There is a particularly emphasis on improving and consolidating your talents. Long-term plans for training courses or intellectual improvement can be put into effect. Writing or communication blockages must be overcome. You can develop the necessary mental discipline now to attain your goals. Expect communication problems, and expect plans or travel arrangements to

be delayed. There needs to be far more attention to detail. Attend to the small print when signing contracts. Learning to economise with your words and messages is an essential lesson for this period. How can you express yourself most effectively in the shortest possible time? If you develop the self-discipline to organise your daily life so that you can attend to mental challenges, you can expect very satisfactory long-term results. There is a strong emphasis on business matters at this time - but many minor irritations. Take one problem at a time, be patient, and solve challenges with long-term strategies.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
