# Birth Report

**Dear Conceição Rosconi,**

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Sun Trine Uranus". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

## **How this influence affects your personal life:**

You are a true individual and other people may regard you as rather eccentric. You like to express yourself through actions which surprise others in some way, and you enjoy embracing ideas which are provocative. You do not like to feel tied down, and function best in a relationship which gives you a lot of personal freedom. Often your friends will seem more important than your family, and as a result partners can feel that they are unable to establish an intimate contact with you, though you are usually quite open and fair-minded. During certain periods of your life you will choose to change your direction radically. These personal revolutions are often accompanied by new interests of an untraditional nature - for example astrology, electronics and technical matters, or mental powers. You have an electric and rather unstable aura around you, and often your nerves are on edge. People feel uncertain around you as they feel that anything can happen, so you would be wise to put them at ease about your intentions.

## **How this influence affects your professional life:**

Your chief contribution to society is your ability to entertain original ideas and experiment with new ways of doing things. You need to work

in an independent position or with a company which respects and encourages your originality. You quickly become bored if you have to perform the same functions day in day out. You need to meet people - and you thrive on unusual challenges, especially if they involve travel and dealing with radically different cultures. You may travel long distances to exotic countries, or work with advanced technology. Alternatively you will go your own unique direction in your professional life, developing unconventional talents - perhaps connected with consciousness development in one form or another. You are not one to stand on ceremony either - you hate stuffy protocol and thrive on contacts with young and old, rich and poor. It is your job to pave the way to the future with new ideas and an original life-style.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Pluto Trine Mars". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

### **How this influence affects your personal life:**

This can be a time of crisis in relationships because a shift in the balance of power occurs. Women with this influence will no longer accept subservience in connection with men. A woman in an inferior position will now fight to establish her own power. This is the time that a new decisiveness comes up to the surface under the greatest psychological pressure. Paradoxically there is a tendency at this time to meet men with unusual power and sexual magnetism, and to encounter one's own powerlessness in the face of strong desires and jealousies. Men who experience this influence will also encounter power struggles

and strong desires, and will often find themselves under the influence of emotions they cannot control. On a sexual level there is fatal attraction towards tabu issues and the urge to live out desires which have been under control for too long. On the positive side this leads to the discovery and release of new sexual potential, though the costs can be high. There is no astrological influence which gives has a stronger psychological effect. This is because forgotten anger and repressions now rise to the surface to be dealt with by the conscious mind. Therapy is often advisable during the duration of this transit, and it is a great period for enhancing psychological insight. As anxiety on a deep level is dealt with at this time it is a good idea to eliminate fears by developing a stronger body-consciousness, for example through learning the art of self-defence, or through embarking on a gruelling physical fitness programme.

### **How this influence affects your professional life:**

This is a time of great personal pressure both on a professional and private level. In this testing time there will be a feeling that the odds are against you, perhaps in an unfair way. Power battles are often unavoidable... and it seems as if there is some kind of conspiracy. Trade union issues often come to the fore at this time, for good or ill. Authoritarian and dominating people (mostly male) will seem to put you in a vice. The time demands great perseverance, but you have to know when to draw the line - when to fight and when to give up. It is no use continuing an impossible battle. There is a tendency to overwork - often late at night - because you can be gripped by a fanatical desire to accomplish something. There tends to be a fascination with computers and secret things. Undercover issues surface now - anything you want to keep hidden will surely come up. You will be strongly motivated to act secretly. Any work situation you cannot tolerate will change. Either you will seek new work in which you can feel 100% absorbed, or you will make radical changes in your working environment. There can be interest in social or political work under extreme situations, as well as the discovery of psychological or occult talents. There are good opportunities now to eliminate corruption or pollution problems. This is a ruthless time which requires strength in the face of crisis, the ability to cut through, fire people, to seek a new job, or to give up exhausting power struggles.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
