**Dear Pedro,**

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

### **The Significance of your Age**

During your 41st year you are still in the middle of a number of unfinished processes that require a review of the direction of your life. On the one hand powerful material forces give the opportunity for growth and expansion, whilst on the other you are required to expand your spiritual life. Crucial experiences with people and groups that you have been involved with force you to revalue who you want to be with in the next phase of your life. An expansion of your horizons now can bring long journeys of exploration, and they can bring separation from people and circumstances that you feel have been restricting you. For you and your generation there is a willingness to experiment with intimacy and sexuality, and you are inclined to break taboos and experiment with consciousness transformation. Your particular way of expressing your uniqueness in this respect is through surrendering yourself to the maelstrom of thoughts and feelings that take place in an unstructured cosmos where humans are trying to gain a foothold. These changes can be accompanied by a spiritual and psychological crisis, that despite upheavals bring catharsis and renewal. If you have anything unique you feel you can offer the world, this is the time to express it.

### **The Challenges Ahead**

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the

challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around January - 2015 and will ebb out around December - 2017. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

In this period of your life you feel that you have set in motion a new plan for your life. The framework is in place, your intentions have been made clear, and when you examine your feelings, you know you are on the right track. Now you enter a transition phase that requires concrete results. You need to consolidate your position and nurture your resources, so that you can actually achieve the new goals you have set yourself. This new influence starts growing around December - 2017 and will ebb out around March - 2020. In this coming period you will be crucially aware of a shortage of funds, and this is an ideal motivation for increasing your earning power. You need to build the structural framework for future prosperity, and this has to start with economy and restraint. Learning about saving and budgeting are key issues, but it is also important for you not to underestimate your potential worth.

### **Opportunities for Success**

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from October - 2017 to November - 2018 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

An awareness of the spiritual forces behind your individual evolution has enriched your understanding of your self and the universe, and this now ushers in a period from November - 2018 to December - 2019 when you are ready to emerge from seclusion and apply this inner wisdom more directly in your dealings with others. A

new confidence is reflected by a more forceful personal presence in which your ideas and opinions pave the way for personal expansion.

### **Crucial Issues This Year**

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 41. Three very important issues that make this year special are:

- A positive period of recognition and acclaim arises at this time as beneficial influences converge to make you feel good about yourself and confident about your prospects. This is the time to expand your horizons intellectually and through travel, and propagate your ideas.
- You experience a steroid boost that gives you the strength and courage to fight for what you want. Putting softer considerations aside you take a risk to expand your territory, traveling afar and meeting exciting people. You give yourself fully to your desires, both intellectually and bodily.
- You are challenged to grow and develop, but the framework you have built to protect you from difficulty stand in the way. This is the time to take advice from people who think positively, and adjust the framework of your life to accommodate the future.
