HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from www.worldofwisdom.co.uk

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

Life Path

Ascendant In Sagittarius

PROFESSIONAL - LIFE-PATH: Influence & understanding
You are philosophical, love freedom and open horizons, and these needs will be reflected in your choice of job. You would be happiest in an employment which offers dynamic possibilities, constant change and future promise. You would work well in pioneering ventures, especially if they offered connections abroad, or the opportunity to expand your inner or outer horizons. You are a person of extremely strong convictions and you are a passionate believer in justice. As your ideals are all-important, you have a need to see your work having an effect on society in some way. It is also essential for you to feel that what you do has meaning on a larger scale. Winning the hearts and minds of other people is important, so you may involve yourself in further education projects, consultancy, publishing and the media, or shaping public opinion in some way.

PERSONAL - LIFE-PATH: Influence & understanding
You are powerfully motivated to understand your place in the world and the meaning of your existence. Your curiosity and need to explore your boundaries will lead you to travel considerably during the course of your life. If or when you prefer the settled life, then you will read, study and discuss to gain further insight into the world. You are philosophically orientated, seeking depth and answers. In partnership matters you may often feel that your opinions are trivialised; conversely other people feel you take yourself too seriously. When you are bombastic and opinionated, other people compensate by being flippant or, in your eyes, superficial. An acceptance of the relativity and diversity of truth, and a certain self-deprecating humour, can make you easier to get on with.

Ascendant Trine Sun

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: I, myself, me
Whether you would prefer to have a low profile or not, you will often dominate your surroundings through the force of your personality. Professionally you strive to do your very best - for success is a matter of honour for you. You have a

magnanimous disposition, and are generous in your dealings with others. Creative work and self-expression must be an important element in your professional life. You stand on your pride too much.

PERSONAL - LIFE PATH: I, myself, me
You have a radiant personality, with a touch of self-importance. You take yourself - and the impression you make on others - very seriously indeed. Some people may consider you self-centred. You tend at least to be the centre of attention, and although you invest all of yourself when you relate to others, you give your own personal development needs priority. You have plenty of surplus energy, and your playful nature can make you a figurehead for young people.

Ascendant Square Moon

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: Unconscious attunement
You have an emotionally compelling nature which profoundly affects the feelings of the people you associate with. You are very concerned with the emotional bonds which hold people together, as well as issues of security. You can therefore work for example with the needs of the public in some way especially as related to homes, family or motherhood. You infuse all your work with an emotional investment. A hard professional environment is bad for you.

PERSONAL - LIFE PATH: Unconscious attunement
You are a moody person and will often find yourself affected by fluctuating emotional states - especially through worrying about family matters or security issues. You have a deep appreciation of the power of the unconscious and instinctual behaviour. In your dealings with people unspoken feelings have far greater priority than rational concerns or argument. You are finely tuned to changes in atmosphere, and adjust accordingly.

Ascendant Square Pluto

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: Aura of mystery

You are attracted to positions of power in which you can exert control over your environment and professional relations. You have the power to deal with unpleasant confrontations, and you can make difficult decisions under pressure. There may be a ruthless streak to your character, as you often imagine threats to your position. This means that you can exhaust your resources in battles for power.

PERSONAL - LIFE PATH: Aura of mystery

You have a magnetic personality and tend to exert a powerful influence on your environment. Secret efforts to feel secure in your personal relationships can be exhausting - both for you and for others. Though you have psychological talents and an ability to penetrate facades, you tend to allow an obsessive ideologies or opinions to poison your relationships. When you relinquish control you discover peace.

Ascendant Sextile N.Node

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - DESTINY: No man is an island

Your life path is closely aligned with a common destiny and associated with a greater purpose for the world. You need to be with people and to relate deeply to feel that you are fulfilling your role in life, though you will often be confronted by the dilemma of whether to follow your own needs, or the needs of others. Relationships may play an important role in your professional life.

PERSONAL - DESTINY: No man is an island

You are strongly keyed in to the world that you are a part of, and in a sense you can feel the major and minor tremors that go on in your environment. As such you feel a strong sense of involvement and personal responsibility, because you are so aware of how the individual impinges on the whole. Sometimes you will have an inflated sense of your importance, but at other times you will gain an understanding of the transience of your existence.

Jupiter In Sagittarius Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in

these matters, and pursue your own individual path in strong contrast to the path chosen by others.

PROFESSIONAL - WISDOM: Promote your visions

Professionally you will experience satisfaction in a position which affords dynamic growth and an international network of contacts. Your powers of judgement and almost visionary ability to see ahead are valuable assets. Travel and the chance to visit exotic countries would be an important perk for you. Getting your ideas across can be more important for you than material goals. You want influence, and you need to feel that you are constantly growing. Job stability is not half as important to you as personal development. You have the gift of putting things into perspective and identifying the overall direction a process is developing towards.

PERSONAL - WISDOM: Promote your visions

On the world stage at the time of your birth, there was a dramatic expansion both as regards mental visions, and in terms of exploration of horizons. You personally will also feel a burning desire to expand your boundaries. This will manifest as both an interest in foreign connections and as intellectual curiosity. If you can learn to trust your hunches, you may discover a prophetic vision which can be used in many areas of your life. You have a burning desire to acquire knowledge, and through knowledge get understanding. You need very little stimulation to make your opinions known, and you may have to guard against a tendency to pontificate. Though harmless, your know-it-all attitude can make other people feel inadequate.

Jupiter In 12th House

PROFESSIONAL - WISDOM: Spiritual ballast

As you are person with a deep faith and many spiritual and psychological resources you can be of great help to people professionally through giving assurance, advice and support. People can be helped by your faith and ability to have a positive view in a difficult situation. You can work in a large organisation, especially if connected with humanitarian ventures, or with the general well-being of the population - for example with hospitals, welfare institutions etc. You are helped in your work by a deep belief in the qualities of mercy and the importance of service to humanity. You have a keen knowledge of the levelling nature of personal misfortune and the transience of worldly benefits.

PERSONAL - WISDOM: Spiritual ballast

Some of the most rewarding experiences in your life come from the spiritual or creative insights that you are blessed with from time to time. For you the inner world of the

imagination is richly populated with beneficent influences. It is obvious to you that faith can move mountains, and you can receive great benefits by drawing on your capacity to use this knowledge. Mobilisation of your capacity for positive thinking can bring you success, but your personal values are more spiritual than material. Perhaps you already have a strong religious faith, perhaps you are still on a spiritual journey to find meaning in life. The teachings you receive will enable you to greatly enrich the lives of others who are in spiritual distress. Care must be taken, however, to ensure that you do not foist your own opinions and convictions on others.

Identity

Sun In Aries

PROFESSIONAL - IDENTITY: Discover your individuality
Other things being equal, you would prefer to be a leader. Many of your personal challenges are concerned with your ability to take an initiative and get things going before other people do. It is not in your nature to take orders, so if you can't give them, you might prefer to go it alone. Your need for independence must be respected, if you are to thrive professionally. At best you are a fearless innovator, who is willing to take a risk to achieve short-term goals. At worst you are impulsive and headstrong.

Strive to attain self-satisfaction through pioneering achievement. It is often quite all right for you to put yourself first. People need someone to follow. Some of the greatest tests of your life arise when your sense of individuality is threatened. At these times you will mature by replacing a youthful self-centredness with the spirit of leadership.

PERSONAL - IDENTITY: Discover your individuality.
In relation to others you expect to be respected and hate to be told what to do. You function best when your leadership is undisputed. You prefer excitement in a relationship, and thrive in a partnership which gives you freedom and independence. At the same time you can be rather naive and romantic. You enjoy competition in relationships, and hate being fawned upon. Perhaps you like to see yourself as a knight in shining armour, or a pioneer on some way. You have a direct nature and youthful charm, though you may be somewhat self-absorbed. Harmony usually depends on your learning to see things from the point of view of other people. Women with this influence may project it and thus be attracted to men with the qualities described. Men will tend to stand on their masculine dignity in a rather adolescent way. The greatest transformations in your life come when

you learn to assert your individual nature.

Sun In 4th House

PROFESSIONAL - IDENTITY: Pride in the family
Professionally your concerns centre around your immediate environment, land and property. You may identify strongly with your family or your country, and you are motivated to form strong bonds of loyalty - whether it be to the company you work for, or larger national interests. You need to feel needed. You have a talent for creating a homely and secure environment for other people and have strong convictions about family values. For you to function well in a career it is important for you to have a secure home base. You are attracted to an expensive home, because living well is a matter of prestige for you.

PERSONAL - IDENTITY: Pride in the family
Your upbringing has had an especially profound effect on your identity, and your father's influence will have been particularly strong in this respect. You have had a compelling need to look up to him and use him as a role model - for good or ill. Later in life you will draw great strength from the family you build up yourself, and your children will probably take a central role in your life. Your home and family will be the most important motivating influence for you, and you will be aggressively protective of them. You identify strongly with your home and may also take a special interest in your family history. You will not mind spending a lot of your time at home - this where you can really be yourself.

Sun Square Mars

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - IDENTITY: Competition
You are an extremely dynamic person with an excellent sense of when to grasp opportunities. You thrive on competition and love a good fight. You are no diplomat, but in situations which require courage and decision, you are the right person. Women with this aspect may early in life experience many conflicts with dominating or aggressive men, but ultimately these problems are solved by learning to be more self-assertive in a confident manner. You are suited to a job which provides you with a challenge. You have a pioneering spirit and are willing to take on the necessary confrontations to get ahead. You get bored easily, and when

you get bored, you can get into trouble. When you encounter an obstacle you tend to bang your head against it until it gives way. It would pay for you to plan more before you act, and strive to be less impulsive. If you find yourself getting into unnecessary conflicts, try to cultivate a spirit of compromise. Winning is a little too important for your ego.

PERSONAL - IDENTITY: Competition

You are the kind of person who likes action, excitement and adventure. Being easily bored you tend to be rather provocative. Women with this aspect may have had a young or immature father, and in the more extreme cases there may even have been physical violence in childhood. Alternatively the woman with this aspect will have had a "buddy" relationship to the father and become involved with masculine pursuits. Later in life there will be a tendency to be attracted to a very masculine type of man. It may be important for the woman to really respect and look up to the man - but there is often an attraction to rather immature males, who never quite got out of adolescence. Subsequently the man may have great difficulty living up to masculine archetypes which basically exist within the woman's character, and this will lead to conflicts or battles of power, until the woman accepts a more personally assertive role.

Men with this aspect are very concerned about their masculinity and take pride in their ability to compete in the world. Sexual performance and the ability to take on a classic male role in relation to a woman are essential elements in the character. This Tarzan syndrome has its drawbacks. Problems can arise because of lack of sensitivity to the emotional needs of the woman. The man's over-identification with the male role can be perceived as faintly comical by the woman who would probably set greater store by demonstrations of tenderness and affection. The woman tends to be the prize which the man wins and later guards and protects.

Sun Opposition Uranus

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - IDENTITY: Consciousness change

Your chief contribution to society is your ability to entertain original ideas and experiment with new ways of doing things. You need to work in an independent position or with

a company which respects and encourages your originality. You quickly become bored if you have to perform the same functions day in day out. You need to meet people - and you thrive on unusual challenges, especially if they involve travel and dealing with radically different cultures. You may travel long distances to exotic countries, or work with advanced technology. Alternatively you will go your own unique direction in your professional life, developing unconventional talents - perhaps connected with consciousness development in one form or another. You are not one to stand on ceremony either - you hate stuffy protocol and thrive on contacts with young and old, rich and poor. It is your job to pave the way to the future with new ideas and an original life-style.

PERSONAL - IDENTITY: Consciousness change

You are a true individual and other people may regard you as rather eccentric. You like to express yourself through actions which surprise others in some way, and you enjoy embracing ideas which are provocative. You do not like to feel tied down, and function best in a relationship which gives you a lot of personal freedom. Often your friends will seem more important than your family, and as a result partners can feel that they are unable to establish an intimate contact with you, though you are usually quite open and fair-minded. During certain periods of your life you will choose to change your direction radically. These personal revolutions are often accompanied by new interests of an untraditional nature - for example astrology, electronics and technical matters, or mental powers. You have an electric and rather unstable aura around you, and often your nerves are on edge. People feel uncertain around you as they feel that anything can happen, so you would be wise to put them at ease about your intentions.

Jupiter transiting Opposition Sun

19-03-2017 -> 25-08-2017

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - IDENTITY: Creating your future

During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

PERSONAL - IDENTITY: Creating your future

During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

Saturn transiting Square Sun

31-01-2019 -> 26-12-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - IDENTITY: Long-term strategy

You can use this period to rise to the many professional challenges in your life and create the foundations for lasting growth. This is no easy time; many difficulties arise and you will have to work harder and shoulder more responsibilities. Authority figures make demands on you, seemingly without giving you any recognition. If you try to avoid commitment now, you are likely to be dogged by worries and problems. Your self-confidence may be low, and you may feel that you cannot live up to the expectations of others. Time will show that you can overcome difficulties and achieve goals.

Planning and strategy is of the essence, and it pays to plan

months ahead and to tighten up schedules, working to realistic deadlines in a committed manner. By completing your work in stages and dividing large projects into smaller sections, you will find that you can handle enormous responsibility. You will not get something for nothing now, but hard work will be rewarded in the long term, so roll your sleeves up and get down to it.

PERSONAL - IDENTITY: Long-term strategy

At the beginning of this phase you will probably not be feeling so good about yourself. You may feel that you do not get enough - or don't deserve - recognition. There is a strong inner feeling that you must pull yourself together and do something worthwhile, and the sooner you do this, the better you will feel. There is a general feeling of being weighed down by burdens, and there may be a lot of pressure to live up to the expectations of others.

It is time to take responsibility for your own life and to define new goals, whilst you can send a strong signal to other people - parents in particular - that you can look after yourself. By rising to the challenges of the time, you can develop a strong inner feeling of self-satisfaction, based on the results that come from hard work and effort. You will be facing central issues concerned with identity and self-sufficiency, and will emerge from this period as a stronger and more self-reliant person.

Pluto transiting Square Sun

01-01-2017 -> 28-10-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - IDENTITY: Personal transformation

This is an intense period in which you are under considerable personal pressure. You will radically redefine your identity at this time, so if you identify strongly with your career, you can expect fundamental restructuring of your goals. This is the time to sort out basic issues, as you do not want to waste valuable time on work that does not interest you. If you are dissatisfied with your job, you will now feel that it has no future whatsoever. However you will also feel that there is no alternative but to continue. But there is. You have to take a jump in the dark without expecting any guarantees whatsoever. When you jump, you will land in one piece, but old structures must be destroyed and a new foundation cleared, before you can start anew.

Leadership issues will be paramount. If you have an executive position, you will want to totally change your role.

Leaders around you may fall from power. After this exhaustive process is over, you will have discovered new depths to your being, and buried talents will have risen to the surface.

PERSONAL - IDENTITY: Personal transformation

This is the major time in your life in which you undergo a deep, transformative purging of your identity. The image of yourself you have cultivated in the past, and the ideas you have had about yourself, will now be cast off - you have simply outgrown your previous self. You may feel exhaustion, with a strong sense that old goals are dead. So now it is just a question of burying them and discovering what you really want to do, no matter what it costs. Crises will lead to self-examination. Layer after layer is peeled off, until you come to the core of your being. This can be a very trying psychological process. You may feel that you are in a dark tunnel, with no hope of light at the other end. Your trials may seem to go on for ever, but within a year you will have experienced a profound transformation and developed a profound insight into yourself.

Therapy or psychological interests are favoured at this time. You will discover your personal power. Women who have lived out their identity through their father or partner will cast off the chains of their projection. Powerful men are eliminated from the consciousness, as you assert your own identity.

Emotions

Moon In Virgo

PROFESSIONAL - EMOTIONS: Systematise daily life

You have a talent for analysis and for working hard and efficiently. Employment matters are of great concern to you, as are your personal relationships with the people you work with. Fluctuations and changes in this area will bring a number of difficult experiences, and contentment here comes with your ability to accept the value of both your own and other people's efforts. Being something of a perfectionist, you can exhaust yourself with trivialities. However you get a good deal of pleasure out of being helpful by sorting out other people's problems, and you do this in an unassuming way, without demanding recognition or appreciation. Of course this can mean that your helpfulness is misused, so that you end up doing too much for others and not enough for yourself. Maturity comes when you develop discernment concerning when to help, and when not to.

PERSONAL - EMOTIONS: Systematise daily life

You have a talent for analysis and for working hard and efficiently. You are a busy and conscientious person, with a love of detail and an ability to organise your daily life. There may be a trace of self-criticism, perhaps due to the atmosphere in which you were brought up. This leads to a tendency to analyse yourself and others and as such you are constantly aware of the imperfections around you. You do not feel comfortable when there is disorder around you, so you tend to occupy yourself a lot of the time trying to create a comfortable and efficient environment. Generally however, partners benefit from your kind, concerned and helpful nature. Learning to relax and avoiding criticism would help you enjoy life more.

Moon In 9th House

PROFESSIONAL - EMOTIONS: Philosophical foundations

For you to feel secure in your professional life you need to feel that you have the necessary training and education. You are hungry for understanding and insight, and will probably read or study a great deal to attain wisdom. You will also be able to draw on a large body of knowledge in your professional life. You are strongly motivated by an interest in culture, and your work may bring travel or residence abroad. Your chief talent is your instinctive understanding of how to get a message or idea across to the public, and as such you may have a future in marketing, advertising or the media. You are both very receptive to the opinions and ideas of others, and very good at broadcasting your own.

PERSONAL - EMOTIONS: Philosophical foundations

You have a strong need to have a belief to hold on to. You will have been powerfully affected by the convictions and values that your mother held, and though she may have been intellectually dominating, her opinions will continue to have a strong moral effect on you. You are very attached to your beliefs, but rather irrational in your defence of them. Your convictions about life will undergo periodic change. Being a very intuitive and mentally receptive person, you can become a channel for ideas from higher sources. You are attracted to a God with whom you can find safety and refuge. You will almost certainly have interests in philosophical and spiritual areas, and you will benefit greatly from going on courses to increase your self-knowledge. During the course of your life you are likely to travel a lot, and there is a good chance that you will live abroad for a period of time.

Moon Opposition Venus

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - EMOTIONS: Empathy

You have very winning ways with all kinds of people and can gain a great deal of personal popularity. Dealing with others - particularly the public - in some way or another, can be an important ingredient in your profession. You may simply like people; at least people feel as if you do. You have a particular talent for dealing with women, partly because you have an instinctive understanding of their ways. Women can play an important role in your professional advancement - indeed you may be rather dependent on their goodwill for better or worse. Basically you are a caring and sympathetic person - and you show it. Therefore you would function well in a position which gave you daily contact with people and the opportunity to support and nurture them in some way. You shun hard professional tactics and are easily hurt when rebuffed. This means that you may be too fragile to handle the rough and tumble of the marketplace. To feel secure you need to have a solid economy, otherwise you tend to be afflicted by worry. You have a talent for investment - particularly in property.

PERSONAL - EMOTIONS: Empathy

You have an affectionate nature - you have both the capacity to give succour and love, and a deep need to receive it. Obviously therefore, relationships are extremely important to you, and you tend to form lasting bonds at an early age. Actually the greatest bond will be to your own family, particularly the mother - for better or for worse. Men with this aspect tend to marry early and unconsciously compare their loved one with the mother. There is a tendency to slink back to the family home for a good meal from time to time, and the wife can have great difficulty asserting her own authority over the mother's. In more extreme cases the man evokes maternal behaviour in his partner, and finds her wanting sexually as a mistress. It is difficult to feel sexually attracted to a mother figure, so unfaithfulness can ensue, as the man seeks to fulfil his sexual needs elsewhere.

Women with this aspect have to learn to integrate the two feminine functions - maternal and erotic - into their lives in some way. If she has difficulty with this she will find the sexual element in the relationship deteriorating, and will end up spending all her time on the house or with the children. A

maid might be the answer!

For both sexes there is a tendency to be overattached and clinging, and too fixated on material security. Unconscious and unresolved childhood needs for love and security spill over into later relationships. It pays to develop a more detached attitude and a greater indifference to the need for constant approval.

Moon Trine Mars

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Temperament

You have a dynamic and forceful personality, and generally get your way in your professional dealings. Your greatest enemy is your temperament - you get angry easily, and when you get angry, you take ill-considered actions. So if your job involves dealing with the public, there will tend to be a lot of conflict. You may however function well if your job entails the need to confront people and get things done, but not if it involves diplomacy or sympathy. You are impatient, but on the other hand you tend to invest your heart and soul into your work and get things done quickly and efficiently. However, you create an atmosphere of tension around you, and are extremely sensitive to criticism. You often imagine attacks which do not actually take place, instinctively going on the offensive, or defensive, to deal with supposed threats. Obviously this kind of reaction evokes the very kind of attack you are seeking to avoid. Only by taking a long, cool look at your assertive nature and by developing greater sensitivity and calm as regards others, can you hope to win goodwill in your professional life.

PERSONAL - EMOTIONS: Temperament

You were brought up in an atmosphere of tension which has made you constantly on guard. Perhaps your mother was an unusually aggressive woman, or perhaps there were many struggles in your family life. Whatever the reason you tend to get easily upset now - especially in your domestic life. Women with this aspect are often attracted to emotional men who express their feelings passionately and intensely. However this may be because of unconscious provocation from the woman, who - never having experienced peace and calm in her early life - recreates the atmosphere of tension through criticism or angry moods.

Men with this aspect tend to have a short fuse, and often go about in an irritated state of mind. By identifying early

childhood patterns of tension it may be possible to combat these negative emotional anger-states, which can be the source of a great deal of internal pain. Expression of anger rarely solves anything. It does not pay to let anger out, as you may fondly imagine. It pays to be conscious of the reasons for anger, before it arises.

As you mature and you gain insight into your emotional nature, you can learn to create an atmosphere of excitement around you. You will be inspiring to be with, and moreover, you learn to combat insecurity by giving freedom of movement and encouraging independence in those you are attached to.

Moon Trine Saturn

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Self-sufficiency

You are a very responsible and dutiful person who is very motivated to live up to your commitments to society. You can work well in a role which requires hard work and a lot of responsibility, especially if this entails formal relations with the public in some way. You can function effectively as a buffer between the public and the authorities. You may have a special talent for working with old people, or with people who have emotional problems or very difficult life circumstances. You have a measured response to the people you meet and can evoke considerable respect from others, just as long as you do not allow yourself to be crippled by shyness. You can perform monotonous tasks patiently, and are good at systematising things and creating order. Professionally you are strongly motivated by job security and continuity at work. You are not very flexible, and tend to stick to long-term habits and work-patterns. On the other hand you are reliable and conscientious.

PERSONAL - EMOTIONS: Self-sufficiency

You are extremely sensitive emotionally, but present a very solid facade to the outer world, giving the impression that you are quite cool, even invulnerable. Behind your formal manners is a person who was never fully allowed to enjoy a carefree childhood. At an early age you took responsibility in the family, repressing your own spontaneity and lowering your expectations because of emotional hurt. In later relationships you have difficulty letting down your protective barriers, even though you have a deep desire for intimacy. If you do get hurt emotionally you rarely let on, and you close

the shutters on your feelings so that your loved one has no chance to make amends. After the age of 30 you learn more successful strategies for intimacy. First of all it is essential for you to be emotionally self-sufficient - if you sell yourself for security, you will end up in a prison. From a position of inner strength you can then allow yourself to be more trusting and vulnerable - you have nothing to lose and everything to gain by opening up emotionally without making any demands.

Moon Conjunction Pluto

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - EMOTIONS: Deep emotional involvement

You are strongly motivated on an unconscious level by a need for security - a need which is very difficult to fulfil. However when you turn outwards and concern yourself with others, you will discover a special talent for helping other people find security. This may manifest as social consciousness. You also have a talent for dealing with people in crisis, possessing an inborn psychological ability to transform how people feel. You are suited to work which requires a deep personal involvement combined with a certain power and distance. You have the power to investigate deep emotional states in other people, and this can be connected with psychology or the occult.

PERSONAL - EMOTIONS: Deep emotional involvement

You are a person who feels everything very deeply, although people who only know you superficially might not be aware of this. Your need to protect yourself emotionally comes from a number of disturbing childhood experiences which mean that you tend to play it cool in times of crisis. Problems arise in intimate relationships because you never let on how you really feel - if you had the courage to show your vulnerability, people would treat you better. You cling to emotional bonds with great intensity, yet in times of crisis you can suddenly amputate your feelings and become ice-cold. It is unwise to deal with crises by giving ultimata. It is essential to overcome these destructive defence mechanisms, if you want to enjoy warm relationships.

Jupiter transiting Square Moon

26-01-2019 -> 27-10-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - EMOTIONS: Expanding your base

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

PERSONAL - EMOTIONS: Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

Mentality

Mercury In Taurus

PROFESSIONAL - MENTALITY: Sell solid values

You are a dogged learner, and you feel most secure with tried and tested facts. When you are sure of your knowledge you can impart it to others in a patient and thorough way. You have a special talent for dealing with practical issues - especially economic matters - and this ability can enable you to achieve business success. You are keenly aware of the value of things, good at making finances multiply and excellent at avoiding mistakes. As you are reluctant to innovate, you may miss opportunities as you feel it's better to be safe than sorry. Therefore you function best in charge of administrative activities.

PERSONAL - MENTALITY: Sell solid values

In communication matters, you tend to exude calm and good sense, but you may lack tolerance for other people's point of view - especially if it is provocative. Other things being equal you will communicate rather slowly and sonorously, and with deep conviction. Indeed there may be a certain beauty in your tone of voice, and a fine self-expression. You like to have time to formulate your ideas and hate being interrupted. You have the patience to give other people your full attention, when they tell you what is on their mind.

Security is a major concern for you, and you may have considerable skill in budgeting and ensuring that you and those close to you are well provided for. You do not feel comfortable with extravagance, but will often show a fine judgement in your purchases.

Mercury In 4th House

PROFESSIONAL - MENTALITY: A stimulating home

You need a stimulating mental environment in your work, and value creating a positive mental contact to your colleagues. You can be very loyal to the people you work for, and expect loyalty from others. You have special talents as regards property and the land, and a good eye for a business deal in these areas. Bonds to brothers or sisters may be important in your later career - the family network can be an aid in your professional advancement. Family worries can however distract you from career interests.

PERSONAL - MENTALITY: A stimulating home

Communication was a very important factor in your upbringing, either because of stimulating relationships to siblings, or because of interesting discussions between your parents. This has given you a need to be mentally stimulated, so you will wish to have strong mental bonds with your partner. You need a lot of activity in your home, and children can be an important factor here. You are good

at creating contact to children, and will be powerfully motivated to give your family a good education. Perhaps you will have a lot of books at home. You like to be on the move, may have two homes, or move often.

Jupiter transiting Opposition Mercury

14-10-2017 -> 10-11-2017

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

PERSONAL - MENTALITY: Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

Uranus transiting Conjunction Mercury

29-05-2018 -> 27-04-2020

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - MENTALITY: New communication boundaries

This is a period of great mental inspiration and excitement. To attain professional success now it is essential to think in new channels, and not allow yourself to be limited by conventional ideas or "the voice of experience". It is the new and untraditional that brings success, so experiment, invent and surprise people. If you are involved in a long and boring period of education or training, then you are in trouble. Mental restlessness at this time will incline you to abandon traditional teaching and seek new ideas which will stimulate your imagination. You will learn best in experiential groups or by yourself.

This is an excellent time for improving New Age interests - particularly astrology. It is a time to travel and meet different kinds of people, and a good period to learn or use another language. You should modernise communication systems now, improve computer capacity and generally hook into networks which unite people. As far as contacts and agreements are concerned, this period is rather unpredictable. Being tied down or committed to time schedules does not suit your needs at this time.

PERSONAL - MENTALITY: New communication boundaries
During this inspiring period, you should grasp opportunities to drop activities which bore you, and start learning new things which keep you up to date with modern trends. Many inventive ideas pop up into your mind now, and you have to find people to share them with. You will be impatient with people with entrenched ideas and opinions, and you may feel the urge to provoke others into thinking in new ways. This impatience can bring tension and misunderstanding in relationships, in which case you should associate with people with whom you can communicate and share your visions.

Time moves fast in this period, and you too may be on the move, travelling and meeting people. Avail yourself of new transport opportunities, buy yourself a car, or hop on a plane. Develop language talents, and immerse yourself in new technological developments, particularly as regards communication. Enrol on consciousness-raising courses, or get involved in grass-roots movements. There are very few times in your life when you will be so mentally open to radically new ideas,

Values

Venus In Pisces

PROFESSIONAL - VALUES: Seek love on a higher level

You have an extremely caring nature, and you find fulfilment either when working creatively, or when you can really look after the needs of others. Human interest means far more to you than material incentive, and you would simply not be able to thrive in an unloving working environment. You are always willing to put others first. Your heart goes out to those who suffer, and this may inspire you to work in a caring profession. There are almost no limits to what you will do for others. At the same time you have considerable aesthetic awareness, which you can use extremely imaginatively - for example in advertising, film, cultural matters etc. The world of glamour may also appeal to you, as you have an instinctive awareness of the importance of dreams and fantasy.

PERSONAL - VALUES: Seek love on a higher level

You are a real romantic, quite willing to sacrifice yourself for the ideal of love. This can lead to a number of severe disappointments in relationships, as you have a tendency to imagine qualities in the partner which do not really exist. It is important to establish limits to what you are prepared to tolerate, otherwise you may find your partner taking advantage of your willingness to compromise. The man with this position will be attracted to the dreamy type of woman, perhaps with artistic/musical abilities or spiritual interests. In long-term relationships both sexes may feel a longing for the "ideal" partner, whilst viewing the present partner critically. The ideal partner is never found, and this longing can only be satisfied on a spiritual or creative level.

Venus In 3rd House

PROFESSIONAL - VALUES: Express your good taste

You have a gentle and diplomatic manner when you express yourself. Polite to a fault you win people over to your point of view through charm and the art of reason. Professionally you would succeed in a job which makes use of your diplomatic talent and refined way of expressing yourself. You have a talent for communicating values, and a genuine appreciation of culture in all its forms. There are secretarial talents, but these are overshadowed by artistic interests and your superior way of dealing with people on a personal level. People enjoy meeting you, and vice-versa. In work you may be efficient, but above all you have style - if a solution is not aesthetically pleasing, it is not appealing to

you.

PERSONAL - VALUES: Express your good taste

You may have been profoundly influenced by a close bond to a sister, or perhaps a particular girlfriend or teacher at school. In education matters you are more inclined to the arts than the sciences, and you have a fine aesthetic appreciation. If you have a sister, her fate as regards intimate relationships will have a profound effect on you. In your own intimate relationships you travel to find love, and the relationship itself may involve travel. You may meet your loved one at a place of education. You have a passion for love stories and romantic tales. Mentally you have talents for the fine arts or music, and these interests are probably stimulated by a warm relationship. You may have a remarkably pleasant voice and even singing talent.

Venus Square Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - VALUES: Fortune

You have excellent aesthetic judgement, and strong personal values and convictions. You are suited to any profession which can make use of your ability to evaluate and compare - especially if this is connected to cultural or artistic projects. You also have a great ability to impress others with your charm and insight. You would be wasted in a job which did not allow you the opportunity to meet and influence people. You can deal with cultural issues or artistic objects, you can travel in your career, you have diplomatic talent, you have a great sense of style. Success often comes easily for you, and you may thrive in the company of women, and have their professional support. Normally you are lucky, and a great deal of money can flow through your hands. How fast it flows is another question altogether. Your warm personality and optimistic view of the future are your greatest assets.

PERSONAL - VALUES: Fortune

You are an extremely loving and romantic person, and this brings both benefits and problems. Often you fall in love with love, and have difficulty settling into stable relationships because of your hunger for romance and emotional stimulation. You are however a great lover, and your attention makes your loved one blossom. There is a

tendency to be attracted to a person who comes from a different culture or country - perhaps this is because of a need to widen your emotional horizons. There is a tendency to marry upwards in society. The most important value for you in a relationship is intellectual or cultural stimulation. You need to be able to respect your partner for his or her intelligence. A woman with this aspect has a great need for attention and appreciation, and particularly values the mental stimulation the partner can give. A man with this aspect has a great appetite for the opposite sex, and whilst intelligence is important, there is often a taste for exotic or good-looking women. Faithfulness may not be a strong point, though sooner or later there will be a tendency to tighten up moral values regarding love.

Jupiter transiting Square Venus

18-12-2018 -> 15-08-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more

important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

Neptune transiting Conjunction Venus

01-01-2017 -> 19-01-2019

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - VALUES: Divine love

During this period you must ask yourself what has value for you. New people come into your life at this time, enhancing the quality of your professional relationships. Through their influence you should be able to discover a new appreciation of your social life, and a greater awareness of the importance of aesthetic factors for enjoyment. It is an excellent period for developing your artistic and creative interests. Indeed it might pay you to put your ambitions on the back-burner for a while, so that you can cultivate your capacity to experience life's pleasures.

Life offers many distractions at this time, and you can be led astray by your desire for magical experience. There is a great emphasis on matters of the heart, though promises made at this time are not destined to pass the test of time. You can also be seduced by economic sandcastles. Whereas it is good to seek greater quality and integrate more beauty and taste into projects, care has to be taken not to invest in glittering ventures which show surface promise but no long-term stability.

PERSONAL - VALUES: Divine love

During this period you can develop a greater awareness of the needs of the heart to find lasting values which can be relied on to bring happiness and contentment. It is an excellent time for spiritual discovery and devotion. You need to contact people now who allow themselves to be inspired by aesthetic values. These contacts will enrich your life. If

you have any creative or artistic interests, set time aside to pursue these interests now.

It is also a time in which love and romance can blossom and take flower. And just as Spring blossoms bring their blessings yet disappear so fast, love at this time is full of promise, yet rarely delivers lasting results. There is a tendency to get attracted to musical, artistic or spiritual people at this time, who express ideas which really appeal to your dreams. During the course of time, however, reality impinges on romance to reveal a scenario of normality and human weakness, which deflates the early romantic idealisation. The point of love in this period is to refine the heart and bring one in touch with the divine. "Better to have loved and lost, than never to have loved at all".

Drives

Mars In Capricorn

PROFESSIONAL - DRIVES: Rise to the challenge

You are a disciplined and hard-working person, slow to start things up, but strong on the finish. Strategy is all-important to you, and you are unlikely to embark on any project without having thought it through to the end. You are extremely goal-oriented, but you hate failure, so you like to be sure when you choose a course of action. Of course this careful attitude can prevent you from starting anything - motivation is the key to success. There is also a tendency to do things the hard way, imagining every kind of obstacle that can arise on your path. Developing faith in your abilities and a positive attitude to the potential outcome of your hard work is essential. Your reputation and status are powerful motivational factors for you - you need to feel respected for your efforts although you are not particularly comfortable with a high personal profile. Other people can take the glory for your achievements as long as you are rewarded by a better position and material success. People will automatically respect you for your responsible nature, and you would do well in a position of administrative authority.

PERSONAL - DRIVES: Rise to the challenge

You are a serious and determined person with considerable staying power. Being hard-working and responsible, you tend to put professional priorities above personal ones. Men with this aspect are especially ambitious and come home to the family late and tired. They are powerfully motivated as bread-winners. There is a certain sexual restraint which can lead to long-term frustrations in intimate relationships. Women with this aspect are attracted to ambitious men who can offer status and security - men in uniform can exert

quite an attraction. There may be a tendency to settle down with an older man. Later however, it will be important for the woman to carve out her own professional niche in society. Both sexes are prepared to work hard and make sacrifices for the family, but for lasting harmony it can be important to overcome sensual inhibitions and moral up-tightness.

Mars In 1st House

PROFESSIONAL - DRIVES: Energise your environment

You are a plucky person who exhibits considerable "fight" in taking on the world. There is a zest and dynamism to your nature which really gets people moving in your environment. Professionally you are a person who needs a challenge. You excel in testing situations which require decisiveness and action. You are capable of taking tough decisions, when others shy away. You are combative and cut through to the essence of any issue. Conversely you tend to be over-competitive. You rarely back off from confrontation, so there tends to be a little too much trouble around you. Given a territory to defend you are fearless and determined. You are well placed in jobs which require hard physical work, or where you have freedom of movement to solve problems your own way without interference from others.

PERSONAL - DRIVES: Energise your environment

Strong masculine traits are developed with this position. This may be because of a competitive family life, a dominating brother, or other themes of dominance in childhood. People will respect your rugged personality and forthright nature, but they may be nervous, or even feel threatened, in your presence. Early trends where you had to protect yourself to survive make you a little too challenging towards others later in life. You often interpret the behaviour of others as hostile, and you are too quick to go on the defensive. Your independence and freedom of movement is important to you, but you are rarely aware of the consequences of your own behaviour on others. You may have a quick temper and impulsive nature, and this will undermine harmony in relationships. By leading an active life, you can channel all this dynamic energy creatively.

Mars Trine Saturn

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - DRIVE: Discipline

You are the workaholic type, and can during the course of your life develop an incredible self-discipline. You may have special talent for working in the building industry, or with mechanics and engineering, or in any field which requires will-power and hard physical work. On occasions however, you can be stricken with inertia, and find it very difficult to get started. You have a fear of failure and can feel particularly vulnerable in competitive situations with other men. Difficulties can arise with male authorities, as you are very sensitive to being dominated or ordered around. You have the will-power and ability to work for yourself, being particularly good at making long-term plans and strategies. To succeed professionally it would be to your advantage to work smarter rather than harder. You can end up using all your time on monotonous work precisely because you are so disciplined and persevering. It can pay for you to take a risk, even though you have a strong fear of failure. Try to be motivated by anticipation of future success rather than fear of past difficulties.

PERSONAL - DRIVE: Discipline

As a child your spontaneity was probably hindered in some way, and there may have been difficulties with a father or brother connected with discipline and responsibility. Your upbringing may have been rather authoritarian, even to the point of physical violence. There may have been a strict moral code in the family. In later relationships you expect a lot of resistance, so you invest a lot of energy either in self-control, or in trying to impose your authority. Women with this aspect are often attracted to older men, who tend to become buried in their work. Often the relationship develops in such a way that the woman feels dominated - but this can be due to hidden unconscious needs to recreate the atmosphere of structure and discipline from childhood, and a refusal to discipline her own life. Men place a high priority on their professional life to the detriment of their emotional or sexual relations. A fear of being controlled can bring battles of will and severe confrontations. These problems resolve themselves with time, as you learn to relax and be kinder to yourself. Less work and more play and greater flexibility as regards behavioural rules leads to more rewarding relationships.

Mars Square Uranus

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you

have expended time and effort.

PROFESSIONAL - DRIVE: Experimentation

You are an extremely dynamic person and you can perform tasks in a flurry of activity in half the time ordinary mortals take. You need excitement and originality in your work, and you do your best work when a deadline is threatening. When you decide to act, you strike like lightning. However you are best at working in short bursts of energy. Longer periods of activity tire and bore you. You have talent for working with technical matters - for example engineering, computers etc. You may also have a taste for more untraditional work, perhaps connected with New Age fields, consciousness-raising etc. The essential ingredient is freedom to experiment and learn from your own experiences. You are not very good at working in a team because you can react violently to being told what to do. You hate restrictions and orders and you need to go your own way. Other people may experience you as rebellious and you have a tendency to get into trouble with authorities. You are something of a pioneer, and may embark on dangerous travels to foreign lands.

PERSONAL - DRIVE: Experimentation

You are an extremely unpredictable person, and your fear of being limited by relationships makes you demonstratively aggressive when duty is required of you. Men with this aspect give their partner the impression that they can pack their bag and go at any time - in actual fact unpredictability is used as a threat to get their own way. Women with this aspect are attracted to unusual men, particularly from abroad or from some unique environment, - men who can promise excitement and freedom. There is a tendency to be enormously provocative and this can lead to explosive conflicts. This satisfies the ever-present craving for excitement in one way or another. To have peace in a relationship it is important to have some unusual interest or job which brings challenge and fulfilment. A relationship will not provide this in any lasting way. If all goes well you are an exciting person to be with, always willing to take a risk or try something new.

Jupiter transiting Square Mars

03-04-2017 -> 14-08-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm

which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

PERSONAL - DRIVES: Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

Saturn transiting Conjunction Mars

15-01-2019 -> 10-12-2019

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - DRIVES: Developing willpower

This is a time to mobilise reserves of willpower and pursue goals with indefatigable determination. You can expect a lot of resistance now, especially from older men in positions of authority. Effort, long-term strategy and hard work is the remedy for problems that arise at this time. Courageous action leads to the building of lasting edifices now.

First of all it is necessary to overcome lack of self-confidence. You may feel that there are men of greater experience available to do the jobs you want, but by training and perseverance, you can - in time - achieve the goals you set yourself. If you don't succeed, try and try again. You will become stronger and more efficient. Great satisfaction can be achieved through the power of organisation and self-discipline - if you rise to the challenge, you will achieve success. This is an excellent time for hard physical work - particularly as regards building and construction.

PERSONAL - DRIVES: Developing willpower

This period can be rather a trying time, and there are many obstacles to be overcome. However with hard work and determination, you should be able to have things the way you want them - finally. Men will feel unsure of themselves at this time, and there will especially be a question mark as regards their sexual needs and performance. There may be a reluctance to take the initiative in these matters for fear of being rebuffed, yet it is at precisely this time that a man can get into contact with his body, learn more about his needs and develop the confidence and assertiveness to handle sexual relationships. Circumstances may however dictate less sex during this period.

Women who experience this influence will also be concerned about their body, especially as concerned blockages preventing spontaneous enjoyment of erotic pleasures. It pays to take more time in a relationship to improve sexual contact. More patience is needed in the warming-up phase, and less focus on erogenous zones. Many sexual fears about dominance and authority can be dealt with, and the long-term effect on sexuality can be beneficial. Sometimes an older or more experienced man comes into the life now. Both sexes benefit from more exercise or training through body-building, aerobics and the like.

Jupiter Conjunction Neptune

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - WISDOM: Expansive dreams

As these planets are relatively slow-moving their influence is felt most on a collective level. Insofar as you channel their influence in your profession you will wish to work on the collective effect of knowledge, the intellect and social influence. There may be a talent for marketing or advertising or selling a dream or vision. There can also be a drive to evangelise on a social, religious or political level. You can be strongly motivated by altruistic ideals and identify with some kind of vision or dream that transcends your own dreams. On a more down to earth level there can be a talents for dealing with oil and related products - particularly plastics. There may also be an interest in oceans, the film industry and anything which enchants on a collective level. You can be hopelessly overoptimistic - heed realistic advice!

PERSONAL - WISDOM: Expansive dreams

This influence shows that you can be moved by dreams and visions. There will be some aspect of your life in which you are touched by something magic that completely transcends your everyday life. This can bring great happiness, if you choose to cultivate your intellectual drive towards greater spiritual understanding through creative, artistic or meditative interests. At the same time there may be a total lack of grounding, or a tendency to be completely absorbed by unrealistic ideas. There are dreamers of dreams who achieve nothing, and weavers of dreams, who can bring visions down to earth. Ultimately people will be disappointed in you, if you are the former. You have the capacity to make faith and hope guiding lights for your actions.

Jupiter transiting Conjunction Jupiter

23-11-2018 -> 19-12-2018

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an

increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

Jupiter transiting Conjunction 1st House

18-02-2019 -> 15-11-2019

PROFESSIONAL - WISDOM: Gain understanding

In some ways you have a larger than life image, with considerable intellectual charisma. Generally you will take an optimistic view of life's challenges, and seek to gain a deeper understanding of the meaning of your existence. Professionally you have the ability to motivate others through your example, especially as regards empowering others with hope and faith in what the future may bring. Other may come to you for professional advice, and your opinions will generally carry weight. Intellectual, philosophical or religious interests, coupled with a desire to expand your horizons, may play a part in your career. Important journeys can bring profound changes in your views about life, and work abroad may have appeal for you. You receive a considerable boost every 12 years of your life, as Jupiter returns to its birth position.

PERSONAL - WISDOM: Gain understanding

You will have considerable influence on others through your opinions. At best you can really expand the vision and understanding of others, but at worst you can be rather intellectually dominating. You like to embrace broad views and have little time for triviality - though plenty of time for humour. You enjoy life and know when not to take things too seriously. Other people can feel small or even ignorant in your presence - make allowances for this. You have deep convictions on a religious, political or philosophical level and probably enjoy a good discussion. Generally you display a great appetite for life, are willing to take a gamble and often ride to success on your unshakeable faith in a benevolent future.

Jupiter transiting Conjunction 10th House

14-04-2017 -> 05-08-2017

PROFESSIONAL - WISDOM: Believe in yourself.

Professional success should come naturally for you, and you may find yourself being helped on your way by influential people who are well-disposed towards you. Success will come in 12 year cycles of expansion and decline. Your ability to grasp opportunities before other people, and a strong belief in your own abilities contribute towards personal success. You are a believer in the principles of growth and laissez-faire, and you know instinctively how important positive thinking is for the achievement of goals. Failures can occur when you rely too much on blind faith, and visions must be backed up by strategic planning. International connections may be an essential ingredient for success. Your personal convictions may have considerable social influence, and people may pay well for your professional advice. This is due to your long-term vision and perspective.

PERSONAL - WISDOM: Believe in yourself.

You were probably fortunate to have a parent who encouraged you strongly to reach out and attain your dreams in life. From this springs a natural confidence in your abilities to get ahead, and a general trust in the world. With success comes influence and a belief in the validity of your views on life. You have to take care not to be too dominating when broadcasting these views in your personal life. Your predisposition for achieving success means that you should be able to guarantee security in partnership matters, and bring the possibility of advancement and higher status to a relationship.

Jupiter transiting Conjunction 11th House

19-11-2017 -> 08-08-2018

PROFESSIONAL - WISDOM: Social influence

You benefit professionally from the influence of good friends and people in high places. Your social connections are thus very valuable, and you tend to be very lucky as regards meeting the right people in the right places at the right time. You would function well in a large organisation - especially if it has international connections. Your ability to gain an overview over large social organisations, combined with the many friendly relations you cultivate with people who have great influence, will bring success and prosperity in your life. Perhaps being member of a club will bring certain privileges for you - at least it certainly does not harm your career if you mix with the higher echelons of society.

PERSONAL - WISDOM: Social influence

Great benefits come to you through the kind guidance of good friends. A particular person or a particular group can have a considerable influence on your intellectual development. You cultivate the best contacts and other people may experience you as rather elitist or snobbish because of the people you choose to spend your time with. From your point of view, mixing with successful or cultured people is essential for your own development. Their good fortune rubs off on you. You too will in turn be able to benefit other people through your own insight or knowledge - particularly if you work with groups in some way. You can attain an influential position in society thanks to your social vision or ideals about the future.

Challenges

Saturn In Taurus

PROFESSIONAL - SELF-RELIANCE: Solid values

Saturn was in Taurus in the years 1939-42 and 1969-72. At this time there was a strong refocusing on economic resources and the values in society. This will also be a central issue for you in your professional life, and you will find yourself struggling hard to attain the economic stability which can make you feel secure. You have the capacity to administrate resources in one way or another, and you will pull hard, along with your generation, to create foundations for economic growth. You are also acutely aware of your own worth as measured by your own earning power. It is difficult for you to feel satisfaction in this area, and you work hard to constantly improve your financial situation, even though it may seem quite stable in the eyes of other people. You are of course strongly influenced by the spirit of the

time when you were born, where society became acutely aware of scarcity.

PERSONAL - SELF-RELIANCE: Solid values

Self-worth is a major issue for you, and it is by no means easy for you to feel deserving. You may find yourself working extremely hard - for you are a persevering character - to attain material goals which can convince you of your worth as a human being. However there will be times in your life when you have to redefine your attitude towards material things as a yardstick for personal worth. One of the secrets of contentment is learning to feel an inner satisfaction and gratefulness for what you have got, rather than focusing on what you have not got. You can learn a lot by tuning into your physical senses and your bodily needs, and learning to appreciate simple sensory pleasures.

Saturn In 5th House

PROFESSIONAL - SELF-RELIANCE: Building self-esteem
Professionally it is essential for you to overcome a frustrated creativity and lack of confidence in yourself. Early frustrations have led to a fear of public exposure coupled with a desperate need for recognition. You give the impression that you do not need the respect and admiration of others whilst quite the opposite is the case. This has the consequence that others stop giving recognition. By confronting your vulnerability and steadily building on the successes you do achieve, you gradually build up your sense of self esteem. You judge yourself harshly. Learn to take joy in the achievements you have attained, rather than focusing on what you have not attained.

PERSONAL - SELF-RELIANCE: Building self-esteem

A difficult childhood in which you were unable to fulfil exaggerated expectations on the part of your parents has left you feeling dissatisfied and frustrated with yourself. You long to be appreciated, but you will find that this is rather a negative foundation for relationships or romantic adventures. Generally speaking love affairs result in very complicated circumstances which end up making you feel even more negatively about yourself and your attractiveness. Romance will never fulfil your inner need to be appreciated. Self-acceptance can only come from within yourself. Having children can be a watershed in your life, though you may instinctively avoid the responsibility. Having had a difficult childhood yourself, it can be hard to imagine having children and they may come late in life. However dealing with children helps you overcome the blocks in your personal creativity, and having responsibility for someone

who is dependent on you - and respects you - increases your personal confidence.

Saturn Square N.Node

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DESTINY: Old karma

You have an aura of authority in the circles you frequent, and you have the ability to influence the groups and organisations to which you belong, because of your sober and realistic attitude. You feel a kind of responsibility for the society you live in, even though it may not treat you well. Despite the fact that you feel uncomfortable in larger groups you can still effect lasting changes in the structure of society. You are ambitious enough to be the person through which structural forces in society are channelled. You know what you want and have surprising willpower, but you feel the hand of fate behind every step you take.

PERSONAL - DESTINY: Old karma

The course of your life is arduous and full of trials. You are shadowed by the hand of some authority wherever you go, and later you discover that this authority is a part of your own character. You are moved to build something great, but are fated to see great things dissolved by the passage of time. People will instinctively defer to you socially, but the mantle of loneliness rests on your shoulders. When making decisions you rarely choose the easy option - knowing that time is of the essence, you pursue each issue in life with painstaking thoroughness.

Jupiter transiting Opposition Saturn

08-01-2018 -> 11-10-2018

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - SELF-RELIANCE: Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between

learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

PERSONAL - SELF-RELIANCE: Expanding the framework
At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

Originality

Uranus In Libra Retrograde

Because of the relative position of this planet in relationship to the Sun and Earth, it appears to be moving backwards. This may make you more thoughtful or introverted in the area concerned.

Uranus In 9th House

PROFESSIONAL - ORIGINALITY: Consciousness change
You may be able to harness an unusual intellectual talent in your career. You have the capacity to intuitively grasp intellectual and spiritual truths. Your further education may have been interrupted or broken off in some way - probably because you do not have the patience to go through long periods of training. You learn fast and prefer to teach yourself - and in conventional teaching situations you tend to be provocative. Professionally you have special talents in relation to exotic countries or cultures. You may have a special teaching skill connected with a rather untraditional subject. Perhaps you can experience some success connected with the electronic media, radio or television.

PERSONAL - ORIGINALITY: Consciousness change
You have a bird's eye view of life. Unusual events - perhaps connected with exotic travels abroad - have brought radical transformations of your consciousness and led you to develop some very untraditional opinions about the meaning

of life. In your understanding you see things interrelated on subtle levels in a way that is hard to explain logically. Your opinions tend to be provocative and may even shock other people in some way. You probably functioned badly in traditional educational institutions, and you have had a tendency to drop out and pursue your own radical views or interests. You learn best in an experimental, group-oriented environment, and you will find excitement and fulfilment through going to consciousness-raising courses, or through learning revolutionary mental techniques.

Saturn transiting Square Uranus

17-03-2018 -> 09-10-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - ORIGINALITY: Limiting individualism
This influence may not be so obvious in your life, unless you have strong Aquarius characteristics. It is a time when it pays to make constructive use of modern techniques in your career, or perhaps pursue interests connected with exotic cultures or people. Concrete work on untraditional or new age interests is also favoured. You will probably find that you will have to make some compromises with your tendency to be an outsider and to hold society at arm's length. It pays to build a bridge between old traditions and modern trends. Social idealism and commitment is favoured.

PERSONAL - ORIGINALITY: Limiting individualism
During this phase of your life, you will find that you have to take more responsibility for those sides of your nature which are outrageous or provocative. Authority figures will demand more self-discipline and social awareness, and you will not be permitted to merely indulge your extremist views. However this is a good time to develop your interests in original and untraditional subjects, new age matters, and global awareness, especially if you have constructive plans in these fields. This may be a time when you will want to make a more formal commitment to an unusual group.

Transcendence

Neptune In Sagittarius Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong

contrast to the path chosen by others.

Neptune In 11th House

PROFESSIONAL - TRANSCENDENCE: Utopia

It is rare for you to find pleasure or security through the social connections related to your professional life. You may feel a sense of social isolation on the one hand, but on the other you find it hard to share the values of your business associates and prefer your own company. You would function best in a job where your social idealism could be expressed. You need the company of caring and creative people, artists and musicians in your working environment to be truly fulfilled. Though you are something of a social visionary and extremely sensitive to the plight of those less fortunate than yourself, you may be rather unrealistic as regards solutions. An attitude of tolerance towards human weakness is to be recommended - you only have to think of your own.

PERSONAL - TRANSCENDENCE: Utopia

You are on a never-ending journey in search of Utopia. If you found it, you would be disappointed. You have such high ideals concerning friendships that disappointment is inevitable. It is important to be realistic in your social expectations - particularly because you prefer the company of artistic or musical types. These people - though they may be inspiring on a creative or spiritual level - are hardly the types to spend a lot of time cultivating the warmth and security of friendships. The people you value socially bring something quite unique into your life. This is an intangible quality of transcendence - a few magic moments in which you are taken out of yourself and experience a universal bond that weaves all people together as one. To cultivate this kind of enriching experience you may benefit from meditative, musical or creative work in groups.

Jupiter transiting Conjunction Neptune

08-11-2018 -> 04-12-2018

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care.

Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

PERSONAL - TRANSCENDENCE: Balloons and bubbles

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

Transformation

Pluto In Virgo Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

Pluto In 9th House

PROFESSIONAL - TRANSFORMATION: Ideology

You have extremely strong ideological convictions, and you are prepared to fight for them. This intensity and determination can be an asset in a job which requires more than the gentle art of persuasion as regards getting the other people to see your point of view, or if you have to work with getting a difficult message across. Knowing the weaknesses of the human mind you can learn powerful communication techniques and use them in a very convincing manner. You know how to make an offer people can't refuse. You also understand the power of a faith or belief, and you have the psychological capacity to change other people's ideas through the power of your own beliefs.

PERSONAL - TRANSFORMATION: Ideology

The pursuit of truth and understanding can sometimes be seen as a survival issue for you. In your upbringing you may have been the victim of a strong-willed person with tyrannical convictions, perhaps at home, perhaps in school. At any rate you now identify very strongly with your own

convictions, and have an irrationally strong reaction when people disagree with you, or try to influence your beliefs. You are intellectual inflexible. Relationships can stand or fall on ideological issues - particularly if you have a Scorpio Ascendant. Yet, if you look back on your own past you will see that you have totally abandoned ideas you totally believed in and fought for - so is it wise to defend your ideas with such intensity now? A transformation of beliefs brings a deep psychological change in you in the late thirties. This may be connected with a journey which brings emotional catharsis. At this time you may discover a talent for psychological or spiritual matters.

Jupiter transiting Square Pluto

09-11-2019 -> 06-12-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSFORMATION: Power play

During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

PERSONAL - TRANSFORMATION: Power play

There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

Saturn transiting Square Pluto

04-02-2017 -> 27-12-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be

able to make dramatic progress in your life.

PROFESSIONAL - TRANSFORMATION: Bonds on power

This influence may not be felt very strongly, unless you have strong Scorpio traits. This is a period when you are confronted with power manifestations in society, and it can be necessary for you to summon up reserves of strength and determination to handle situations which seem beyond your control. Take care in your dealings with police, tax authorities or underworld characters, as you are liable to meet people and groups who are in a position to humiliate you. In professional matters you have to take a closer look at what goes on under the surface. Eliminate any corrupt elements, and look more closely at your motivation when asserting your power.

PERSONAL - TRANSFORMATION: Bonds on power

Though sometimes rather subtle, this influence can release powerful elements in your unconscious mind. If you are a victim of emotional states such as jealousy and paranoia, now is the time to make an effort to deal with them. Deep-rooted psychological complexes which manifest as obsessive behaviour will surface now and the more you try to repress them, the greater power they will have over you. A sure danger sign is if you start accusing other people of evil behaviour, or if you feel that you are being shadowed or persecuted. Inner demons manifest in outer events now, yet solutions are to be found within your own being. You can contact archetypal forces now, for example through shamanism.

Destiny

N.Node In Aquarius, S.Node In Leo

PROFESSIONAL - DESTINY: All is vanity

The early part of your professional life is characterised by a need for prominence and recognition. You expend a lot of energy selling yourself, attracting attention and trying to create a good impression. You may be especially concerned about personal creativity, struggling to express the essence of your identity in what you do. As such you are extremely sensitive to criticism and anything which undermines your ego. As you mature the need for fame subsides, and selfish creative urges are submerged by an acceptance of the importance of integration. You attain respite from the demands of the ego by involving yourself in ventures which are for the common good, and you find that your natural leadership qualities function much better when you are inspired by the needs of a group. Contact with foreign

cultures can bring a turning point in your professional life.

PERSONAL - DESTINY: All is vanity

During the course of your life you have to struggle with an inner identity dilemma which brings a transition from egocentric behaviour to a more dispassionate commitment to the group. When young you wish to taste life to the fullest. The world can seem like an entertainment supermarket where you can indulge your pleasures. You expend a great deal of energy on love affairs, conspicuous consumption, luxury pursuits and the like, and you may build up quite an image for yourself. As you mature however, vanity is seen to be nothing but vexation of the spirit, pleasures seem hollow, the flame of your identity burns down. You are destined to go through a rather dramatic process of self-realisation which evokes a more humble attitude in you. A need arises to involve yourself with others and offer your services to enhance the energy of the group. Humanitarian interests replace self-indulgence, and you find fulfilment and meaning when you embrace a shared goal with others.

N.Node In 2nd House, S.Node In 8th House

PROFESSIONAL - DESTINY: Personal satisfaction

Building up a solid sense of personal self-worth and esteem is a lifelong task for you. Early in your life you experience a strong sense of deprivation and a great hunger for material and emotional security. You are acutely aware of the benefits other people enjoy, and strongly focused on what you feel you have lost. Indeed you may sabotage your material security more than once, because of your lack of faith in your ability to attain and enjoy material comforts. Because of an unconscious fear of others having power over you, you may cling to prestige or power in society. Eventually you can attain peace and security by relying on your own innate talents, and building up solid economic foundations as a result.

PERSONAL - DESTINY: Personal satisfaction

A turning point comes at some point in your life - particularly around the age of 37 - in which you learn to trust in your abilities to build a secure foundation for your physical existence. As you mature you learn to accept and enjoy the material benefits which come your way, and this in turns provides a secure environment for developing calmness and self-esteem. Early in life you may be afflicted by jealousy and anxiety as regards stability in your relationships. You exhaust yourself trying to control your partner emotionally. Later, however, desperate need gives way to a contented satisfaction. A number of erotic issues and relationship obsessions give way at this point to a less desperate and

more peaceful concept concerning intimate relationships.

Jupiter transiting Square N.Node

07-01-2018 -> 10-10-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DESTINY: Understanding karma

You can expect an expanded circle of contacts at this time, with a special emphasis on people who are seeking influence on a large scale in society. Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

PERSONAL - DESTINY: Understanding karma

This is a time when meetings have particular significance in terms of karma and your growth as an individual soul. You may have a powerful experience connected with some group activity now and gain greater insight into your soul and your fate as a human being. There is also a strong tendency to be drawn into a web of spiritual illusions - though you will surely also have rewarding experiences. You are drawn to partners who have a deep significance for you now, for good or ill.

THE TWELVE HOUSES

The Ascendant - Lifepath

This is by far the most important position in the horoscope. It represents you, your life and how you occupy the stage - your style. Planets placed here dominate the life.

The Second House - Resources

This house is connected with self-worth. How you feel about your body, your assets and talents - and therefore your financial status - is reflected by planets in this house.

The Third House - Connections

This shows mental abilities and experiences connected with education, siblings, neighbors and everyone in the local environment. The house of travel and networking.

Descendant (7th) - Relationships

Whilst the Ascendant is connected with yourself, the Descendant is to do with others. This house shows where we reach out and meet people, and form lasting relationships.

The Eighth House - Intimacy

This house is connected with life's inevitabilities like sex, death and taxes. This is where we feel most anxious and vulnerable, and where we confront emotional and sexual taboos.

The Ninth House - Understanding

Planets placed here express themselves through insight and understanding gained through travel and further education. This is where beliefs are formed and judgments given.

The IC of Fourth House - Roots

This shows the family heritage, the atmosphere at home, and the ability to connect to roots and put down new roots. Parents and family are shown here, as well as property and ancestry.

The Fifth House - Expression

Planets placed in this house are strongly identified with and projected onto the stage. This house is connected with feeling confidence through creativity, children, love and play.

The Sixth House - Service

Planets placed here show the need to relate with others via practical issues such as work and domestic tasks. This house is connected with health and the daily environment.

Midheaven (10th) - Achievement

This house represents crowning achievement - your goals and mission. It also shows your career and superior authorities like parents, bosses etc. Planets here achieve success.

The Eleventh House - Groups

This house is connected with your social life. It has to do with friendships at school and in later life, as well as groups and associations, or the social sphere you are a part of.

The Twelfth House - Isolation

This shows isolated places in society like prisons and hospitals, or simply living away from it all. Planets placed here show where inner development takes place when feeling alone.

THE ASTROLOGICAL ASPECTS

The Conjunction

(0 degrees... orb allowed: 12 degrees)

Key word: Fusion

This aspect is in effect when two planets are close to each other, normally in the same sign. It represents the fusion of planetary principles.

The Opposition

(180 degrees... orb: 10 degrees)

Key word: Separation

This aspect - when two planets are in opposite signs - shows a split or division between the needs shown by two planets. There is also an attraction between opposites.

The Square

(90 degrees... orb 6 degrees)

Key word: Tension

This aspect occurs when planets are at right angles to each other in the chart. It shows two needs at war with each other. This brings considerable dynamism, but a lot of trouble.

The Trine

(120 degrees ... orb 8 degrees)

Key word: Harmony

This aspect occurs when planets are a third of the circle away and normally in the same element. This shows the harmonic confluence of needs, bringing happiness and harmony.

The Sextile

(60 degrees... orb 4 degrees)

Key word: Creativity

If the circle is divided by a six-pointed star, the sextile would take place on two of the points next to each other. There is both dynamism and pleasure connected with this aspect.
