Dear Susana,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

During your 41st year you are still in the middle of a number of unfinished processes that require a review of the direction of your life. On the one hand powerful material forces give the opportunity for growth and expansion, whilst on the other you are required to expand your spiritual life. Crucial experiences with people and groups that you have been involved with force you to revalue who you want to be with in the next phase of your life. An expansion of your horizons now can bring long journeys of exploration, and they can bring separation from people and circumstances that you feel have been restricting you. For you and your generation there is a willingness to experiment with intimacy and sexuality, and you are inclined to break taboos and experiment with consciousness transformation. Your particular way of expressing your uniqueness in this respect is through your choice of friends and allegiances. You embrace outsiders in society as a healthy alternative to the stranglehold convention has on the human spirit. These changes can be accompanied by a spiritual and psychological crisis, that despite upheavals bring catharsis and renewal. If you have anything unique you feel you can offer the world, this is the time to express it.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the

challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around December - 2017 and will ebb out around March - 2020. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

Opportunities for Success

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and influence at social gatherings.

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from November - 2018 to December - 2019 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 41. Three very important issues that make this year special are:

- There are daunting challenges ahead which initially undermine your self confidence and belief in your capabilities. Progress is slow or non-existent as obstacles arise at every turn. Through concerted effort and perseverance you prove to yourself that you can do it.
- Your ethics and principles are put to the test as you take advantage of opportunities for expansion, travel and widening your intellectual horizons. You

have a strong belief in the future, but you need to weigh risks against realities.

- Your heart is opened and there is a growing desire for both romantic satisfaction and material comfort. Appetites are strong - so strong that they can lead you astray. Ethical principles and moral consideration tend to recede into the background when desires rule.
