Dear Maybritt,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

During your 51st year there are pressing professional issues that have to be addressed. This is a time when challenges pile up, both in connection with your relationship to authorities, and in terms of your goals and ambitions. You need to define exactly where you wish to apply yourself, and exactly what you want to achieve. As you are under pressure now, this is not easy, but with extra effort and determination you can carve out a position for yourself that can stand you in good stead for the next five years at least. Challenges now have a lot to do with dealing with long term issues of dissolution, chaos or suffering in the society in which you live. Wise beyond your years, you are witness to the eternal truth that everything dissolves with time, and this in turn can undermine your will to build things up. The responsibility you feel needs to be channeled into active compassion. These challenges have a lot to do with a latent insecurity that you feel in relation to authority. This has arisen because of a dominating parental figure who believed the stick was better than the carrot. You have strong ambitions but not enough faith in yourself. Yet in time you will acquire authority, although the trick is to be satisfied with your success rather than driving ever onward. Fortunately, this is also a time when a further expansion of your influence is possible, if you adopt a positive and visionary attitude. Bearing in mind your achievements so far, you are justified in pursuing a confident and self-assured path.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand

on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life the major challenges lie in relationships. Living with or relating to another individual and seeing your strength and flaws reflected by this person is a major learning experience. Any weaknesses in the way you have historically related to other people are exposed now, and your future success depends on you resolving them. This influence started growing around January - 2015 and will ebb out around December - 2017. You encounter tough people who try to impose their authority on you, and you will have to judge how much you are prepared to commit to long-term relationships, and where to set limits. Learning to share your time with another person is part of a maturing process for you now, and the more effort you put in to it, the better the results.

In this period of your life there is a transition in the way you relate to partners and the world. Over the last few years you have made a lot of effort to create harmonious and rewarding relationships, and to a large degree lived up to your responsibility to others, helping those you love if they have been in difficulty. A new period is dawning that challenges you to break down the barriers that prevent true intimacy on an emotional and sexual level. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is not so much what you do or what you say that counts now, but how well you open up emotionally, how vulnerable you dare to be, and how brave you are in confronting your inner demons.

Opportunities for Success

After having built up comfortable circumstances in your domestic life, what is important for you between September - 2016 and October - 2017 is to appreciate the fruits of having a satisfying base, so that you can express yourself through creative activity and enjoy the art of living. Expansion and satisfaction come from living life to the full - through sport, festivity, love, children and romance. This is the time to fully be yourself without reservations or doubt. Larger than life characters will show you how through encouraging you to celebrate existence.

After a period of living life to the full through creative projects, children and festivities, new possibilities arise in your working environment from October - 2017 to November - 2018 because of opportunities abroad, or through an expansion of

your area of expertise and encounters with intellectually inspiring colleagues. This is a time to expand the influence of your ideas and disseminate information that you really believe in. It is possible that there is more work to do, but it is more interesting work and it brings personal development for you.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 51. Three very important issues that make this year special are:

- You enter a phase when there are challenges in establishing your position in your professional and personal life. The existing structures, or memories of negative experience, can limit your faith in your capabilities. Be realistic, but allow your natural optimism to win through.
- A series of challenges in relation to communication at work and at home, travel or project delays and other frustrations, slows you down and forces you to concentrate on learning basic skills and attending to detail. Think positive rather than succumbing to worry.
- Your heart is opened and there is a growing desire for both romantic satisfaction and material comfort. Appetites are strong - so strong that they can lead you astray. Ethical principles and moral consideration tend to recede into the background when desires rule.
