Written and designed by Adrian Duncan

Birth Report

Dear Test Test,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mercury Trine Neptune". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

In intimate relationships you are very attuned to what your partner is thinking. You are a mind-reader, and as such you often feel you know what another person will say before it is said. Whilst this is often the case, problems can arise because of a tendency to adjust what you say to conform to the other person's supposed expectations, and to hide thoughts and ideas which you think will not be received well. If this habit goes on for too long, you may find that you start living in another world - isolated and misunderstood. Effort must be made to improve communication and to say what is really on your mind. You are oversensitive to environmental stimuli - particularly noise - and partners may feel you overreact or are over-critical in this area. However you do need to be in a peaceful environment to function well.

How this influence affects your professional life:

You have a very refined mental sensitivity which may be expressed through some form of imaginative and creative work. You possess a wonderful intuition, but formal learning and dry facts do not interest you. You can be quite a perfectionist and are very good at spotting

mistakes and errors. In your dealings with others, you are very good at tuning in to their ideas, and you will go very far - perhaps too far - to avoid confrontation and argument. You tend to hope difficulties will disappear if you ignore them, and you have a tendency to create a smokescreen around issues. Thus you like to get your own way through being indirect and confusing the opposition. However if you do not make an effort to stick to ethical principles and honest representations, you may find yourself getting ensnared by the stories you create. You have a talent for creative communication - as a writer, in advertising or the media, or as a general part of your work.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Saturn Sextile Mars". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This period can be rather a trying time, and there are many obstacles to be overcome. However with hard work and determination, you should be able to have things the way you want them - finally. Men will feel unsure of themselves at this time, and there will especially be a question mark as regards their sexual needs and performance. There may be a reluctance to take the initiative in these matters for fear of being rebuffed, yet it is at precisely this time that a man can get into contact with his body, learn more about his needs and develop the confidence and assertiveness to handle sexual relationships.

Circumstances may however dictate less sex during this period. Women who experience this influence will also be concerned about their body,

especially as concerned blockages preventing spontaneous enjoyment of erotic pleasures. It pays to take more time in a relationship to improve sexual contact. More patience is needed in the warming-up phase, and less focus on erogenous zones. Many sexual fears about dominance and authority can be dealt with, and the long-term effect on sexuality can be beneficial. Sometimes an older or more experienced man comes into the life now. Both sexes benefit from more exercise or training through body-building, aerobics and the like.

How this influence affects your professional life:

This is a time to mobilise reserves of willpower and pursue goals with indefatigable determination. You can expect a lot of resistance now, especially from older men in positions of authority. Effort, long-term strategy and hard work is the remedy for problems that arise at this time. Courageous action leads to the building of lasting edifices now. First of all it is necessary to overcome lack of self-confidence. You may feel that there are men of greater experience available to do the jobs you want, but by training and perseverance, you can - in time - achieve the goals you set yourself. If you don't succeed, try and try again. You will become stronger and more efficient. Great satisfaction can be achieved through the power of organisation and self-discipline - if you rise to the challenge, you will achieve success. This is an excellent time for hard physical work - particularly as regards building and construction.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
